

Teething Ring Ears Pattern

Cut out and attach at the red lines.

Print at 100%

1" test
square

A pattern for a teething ring ear, identical to the front view but mirrored. It features a large, rounded, leaf-like shape on the right side, connected to a rectangular section on the left. A red vertical line is positioned near the left edge of the rectangular section, with the word "Hole" written below it. A small vertical line is also present near the bottom left corner of the rectangular section.

After pattern has been assembled,
cut 2 pieces— one top layer and one
bottom layer with right sides together.

Hole
