Slim Wooden Phone Case

SLIMCASE

WUDN slim cases are thin and light, yet surprisingly strong TPU (Thermoplastic Urethane). TPU is a hybrid mixture of hard plastic and soft silicone. A very dense and smooth rubber, TPU cases are made to slide in and out of the pocket easily, without attracting lint. TPU cases are more durable, slightly elastic and much stronger than silicone.

Our ultra slim wooden iPhone case comes equipped with our specialty sure grip edge surface, keeping your phone in the palm of your hand – no matter the conditions.
