

STUDENT – First steps

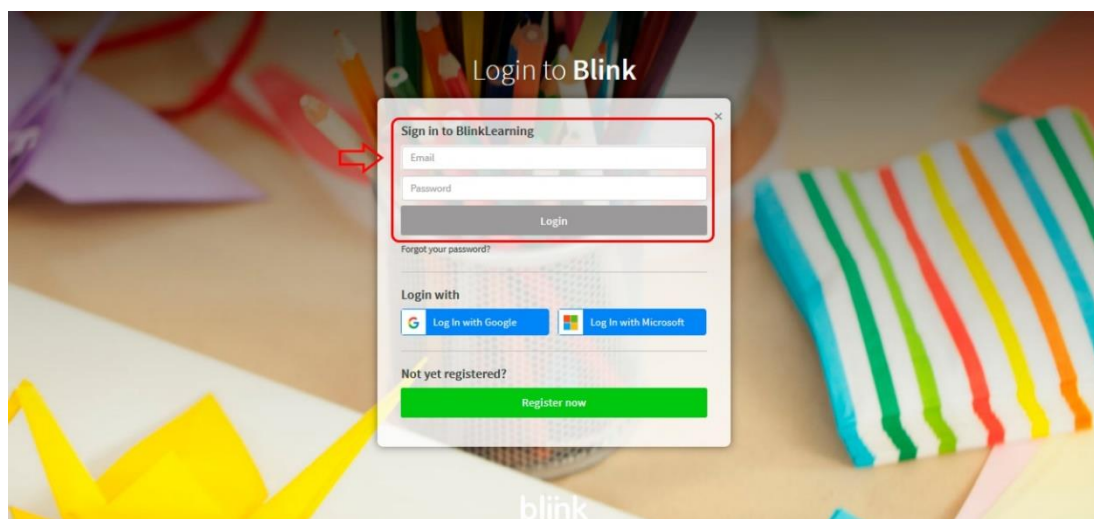

1. How to access BlinkLearning?

1.1. If you are already registered in BlinkLearning:

STEP 1: From your Internet browser access www.blinklearning.com and click on **Login**.

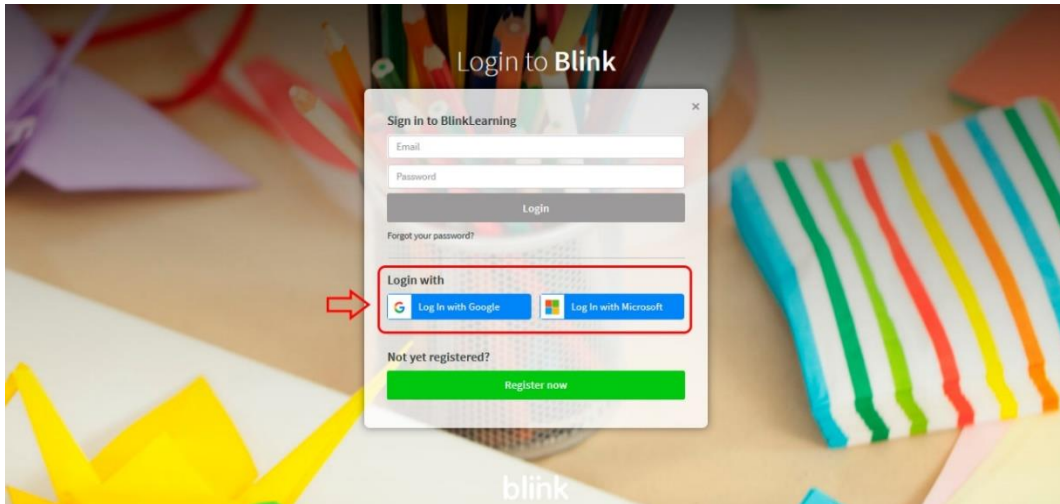

STEP 2: Enter your **Email** and **Password** and click on the **Login** button.

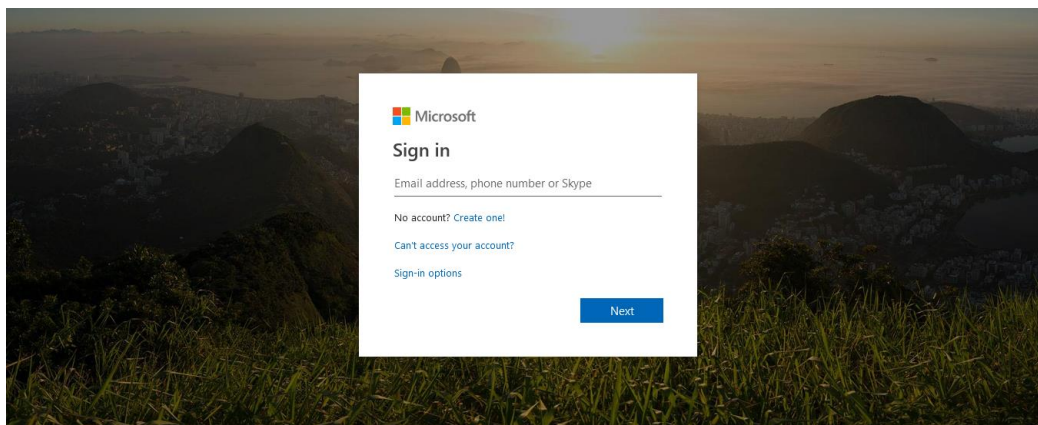

Find all of BlinkLearning's video tutorials in our YouTube channel

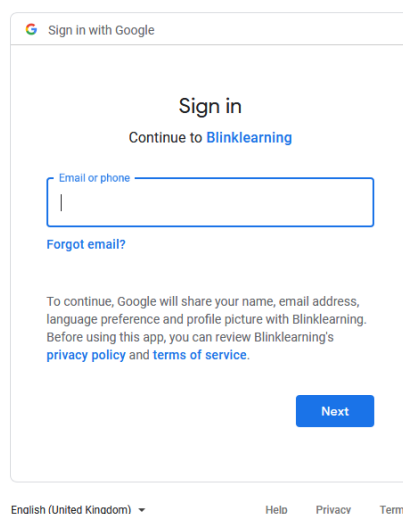

STEP 3: If you have a **Gmail/Microsoft** account, sign in using the corresponding buttons.

Verify your login by accessing your **Microsoft** profile:

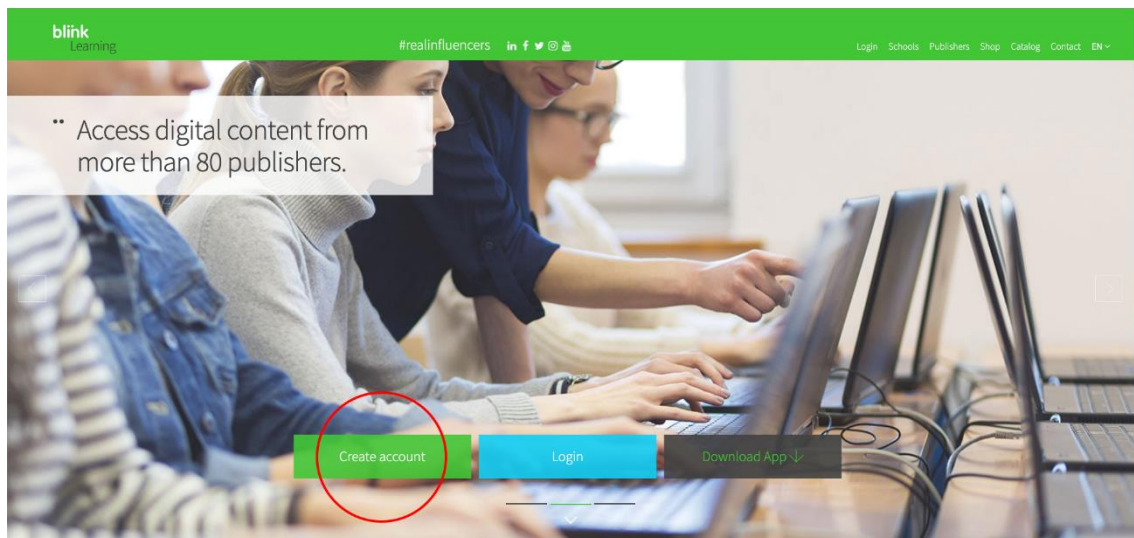

To sign in with Google, access your **Gmail** account:

1.2. If you are not registered in BlinkLearning yet:

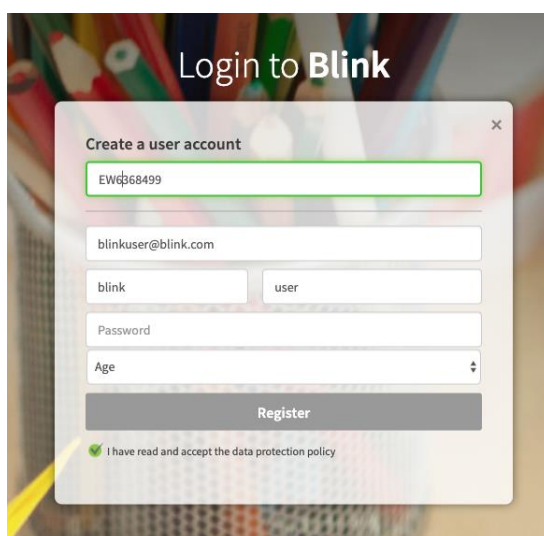

STEP 1: If you do not have a BlinkLearning user yet, go to www.blinklearning.com, and click on the **Create account** button.

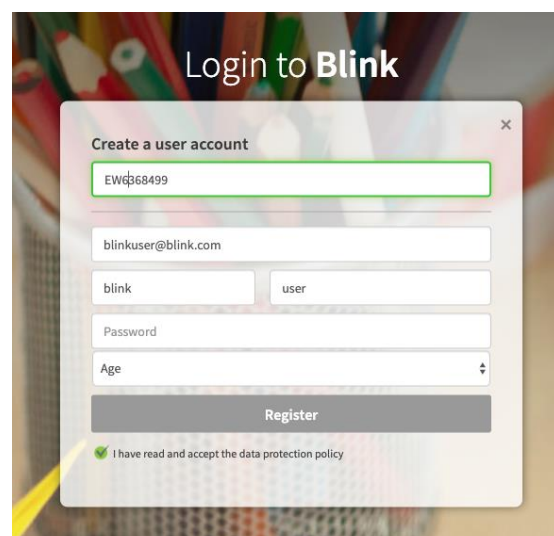

STEP 2: Next, enter your **book / class code** in the required field.

- o **The book code** refers to the alphanumeric code that allows access to the digital version of a book. With this option you must specify whether you are a teacher or a student

- o **The class code** refers to the code that a teacher generates when creating a class. Class codes always begin with the letters CL followed by eight digits. With this option we will assume that you are a student.

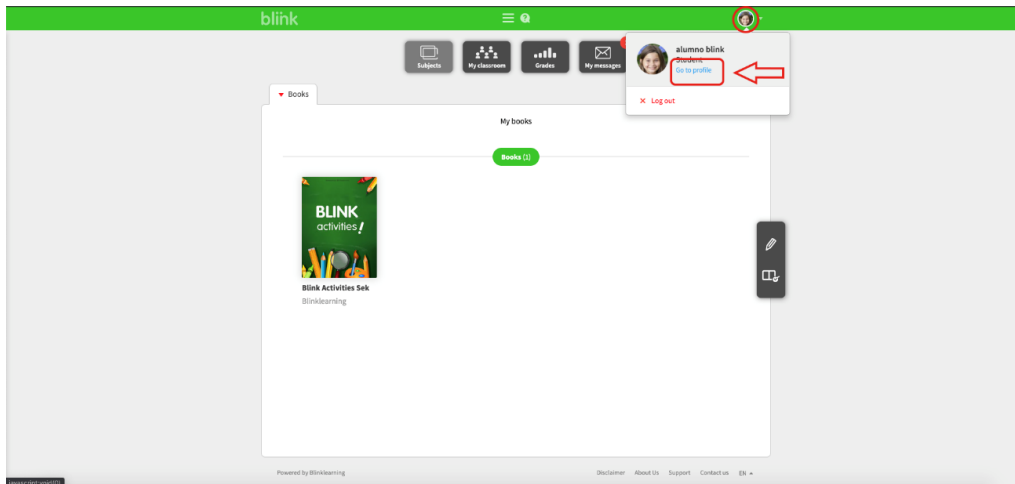

The screenshot shows the "Login to Blink" registration form. The form is titled "Create a user account" and has a close button (X) in the top right corner. It contains the following fields: a text input field for the book/class code (containing "EWq368499"), a text input field for the email address (containing "blinkuser@blink.com"), two radio buttons labeled "blink" and "user", a text input field for the password, a dropdown menu for "Age", and a "Register" button. At the bottom, there is a checkbox with the text "I have read and accept the data protection policy" and a green checkmark indicating it is selected.
