Dear valued clients & wholesalers,

We, MEDWAKH.COM Inc. the manufacturing company of Nirvana Super Shisha and Nirvana Eclipse tobacco established in 2010, officially declare that the order which was forwarded to our official distributor in Russia - Logistik International LLC contained Nirvana Eclipse tobacco packed in the original Nirvana Super Shisha packages & pouches.

This was done at our manufacturing facility in United Arab Emirates located in the Emirate of Ras Al Khaimah *"Ras Al Khaimah Free Trade Zone, Al Jazeera Al Hamra, Plot # D-91, Street F-14"*, where we have been manufacturing our tobacco since our company's inception in 2010.

Beneath the stickers of Nirvana Eclipse you will see the original Nirvana Super Shisha package, but with the contents of Nirvana Eclipse tobacco & molasses. Such packaging was done on purpose, because the original package Nirvana Eclipse couldn't be used for proper sticking under the technical regulations of the Russian federation (TP TC 035/2014 «Tobacco technical regulations»). For this purpose, all Nirvana Eclipse tobacco was packed in Nirvana Super Shisha packages and attached with a product specific label on to it.

Our business is committed to providing our customers with products that are of the highest quality standards and that comply with the technical requirements of the Russian Federation.

Best Regards,

President
