What qualifies for the **money back guarantee**?

This only applies to our Custom PSO or Custom Cam Modeling packages. If you can prove to us you have done EVERYTHING we suggested and have not made doubled what you paid for the package in 6 months time, we will issue a full refund. This means, you have

-taken all courses and watched all videos included with your package

-applied all knowledge taught in the courses and videos included in your package

-completed your bio, layout, used one of the models suggested in your voice report and have had your profile inspected by one of our experts.

-logged on to take calls at least 20 hours a week with a bid placed on the first two pages (as suggested in the Niteflirt Navigation course)

If you have completed everything listed above and its been six months since you've launched your listing you will qualify to get your money back.

Exchanges

Our products are instantly downloadable, therefore we do not offer exchanges.
