

Apacer AP-SDM004G6LADR-KS

Apacer 4GB SDMI 7P/180D-L SATA Disc Module High Speed - AP-SDM004G6LADR-KS

Apacer SATA Disk Module (SDM) complies with 7-pin standard interface in horizontal type or in vertical type. By using selected SLC flash memory and the controller, it is possible to provide high reliability and high performance of Operation for sophisticated system.

With small form factor, the applicable appliance can add or install the SATA storage device on the compact mother board or small complete set.

*The actual available memory on the device is less than what is listed on the package. This is due to small discrepancies in file formats and algorithms used by various operating systems. In addition, a portion of memory space is reserved for system files and data sectors for better performance.

Feature:

- ❖ 7-pin SATA Connector
- ❖ Advanced wear-livening and Block Management
- ❖ Built-in HW ECC , SMART Functions and Quick Erase
- ❖ Power Failure Recovery
