

BlueMax™ 70w Dimmable Desk Lamp

The Power of the Sun on Your Desk!

Introducing the Premium BlueMax™ 70watt Desk Lamp

Perfect for Light Therapy and Task Lighting.

No life can exist without the presence of natural sunshine. Each spring we feel the joy and energy that longer sun filled days provide. You can now experience that same feeling all year long with a BlueMax™ 70w desk lamp. It's not just better lighting, it's light that makes life better!

Your BlueMax™ desk lamp may be used for general tasks like reading, studying, and more specific tasks like art, sewing, crafts and other hobbies that require good visual acuity and color detail. This lamp also produces 10,000 LUX for use in Light Therapy for the treatment of SAD or Seasonal Affective Disorder.

- Unique 6 phosphor blend allows you to see crisp clear colors as they are supposed to be seen.
- Patented dimmable flex arm desk lamp for task lighting or light therapy.
- Fully dimmable from 100% to 20%
- Produces 4,300 lumens, equal to a 300w halogen bulb.
- 10,000 lux at 18", 5,000 lux at 28" for light therapy.
- Flicker free electronic ballast system.
- Perfect 18" height for desk use.
- Nickel Model: BL70FSDL-NI-V2
- White Model: BL70FSDL-W-V2
- Black Model: BL70FSDL-B-V2
- Brass Model: BL70FSDL-BR-V2.
- Comes with a lifetime warranty on the lamp and one year on the bulb. No extra charges!
