

# 1602 Manta TANK BAG

## MAGNETIC MOUNT MOUNTING INSTRUCTIONS

Inspect underside of the magnetic 'wings' to ensure they are free of foreign metal objects that may cause scratching or damage

With the handle facing the front of the motorcycle, place tank bag onto the center of the motorcycle tank in a location that will not interfere with a safe riding position

(Optional) wrap provided shoulder strap around motorcycle steering head then attach to the tank bag via the d-rings located on each side of handle and tighten for added safety and retention

DO NOT load in excess of 2 lbs

## CLEANING AND MAINTENANCE

Chase Harper USA luggage is constructed from high quality industrial grade ballistic nylon that is treated to repel water, dirt and stains, which makes cleaning easy. Clean with mild soap and light-pressure water using a nylon-bristled brush or microfiber cloth. For best results, clean the entire bag, not just the soiled area. Stubborn stains may be treated with Simple Green®, Fantastik®, Woolite®, 409®, or similar cleaning product. Foaming upholstery cleaners made for wool-nylon blend fabrics also work well. After your fabric has been cleaned, spray with Scotchgard® to maintain water, dirt and stain resistance properties.

\*Note: When using any commercial cleaning product, follow the manufacturer's directions carefully.

## WARRANTY INFORMATION

For peace of mind we offer a lifetime warranty on all of our products. If you need to claim against the warranty, please contact us and we'll guide you through the process. Be advised sun damage is not covered under the warranty.

When sending an item in for repair, please wash the bag prior to shipping. If the item arrives dirty, a \$20 cleaning fee may be applied to the repair. Also, be sure to include a note with the item that states the damage description along with your contact information including phone number, email, and return shipping address so we can send updates on your repair.
