Notes on Key Ingredients

PRESERVATIVE

Biosecur (INCI: Glycerin, Citrus Reticulata Fruit Extract, Citrus Aurantium Amara Fruit Extract, Citrus Sinensis Peel Extract, Ascorbic Acid, Citric Acid, Lactic Acid, Aqua)

We very proudly use a preservative system created by a company here in Quebec. It is called Biosecur, and it is derived from citrus fruit. It is an organic preservative and disinfectant that replaces parabens and quaternary ammonium compounds in products. Find it on our labels under its INCI name: "Citrus Medica Limonum". It is certified organic by Ecocert Canada.

EMULSIFIER

Sugarmulse (INCI: Cetearyl Alcohol and Cetearyl Glucoside)

Is an emulsifying wax, made by combining fatty alcohols from vegetable sources. Emulsifiers are what we use to keep the oil and water components bound together as a smooth lotion. The one we've chosen to use is called Sugarmulse and is derived from plant sugars.
