

Iron Shield

The Iron Shield has a non-stick surface that allows your iron to glide across the most delicate fabric.

The Iron Shield makes an old Iron like new again.

Keeps your iron spotlessly clean from starch or water calcium build up.

Heat conducting & perforated to let steam through.

Protects against shiny trousers, singed blouses or scorch marks.

Perforated to let steam through.

Iron Shield is reusable on both sides

Cuts down on Ironing time!

Glides across fabric.

Iron Shield is non-stick
Keeps iron clean
Lets steam through
Glides over fabric
