

CAMPERVAN FRONT BUNK

CONTENTS.

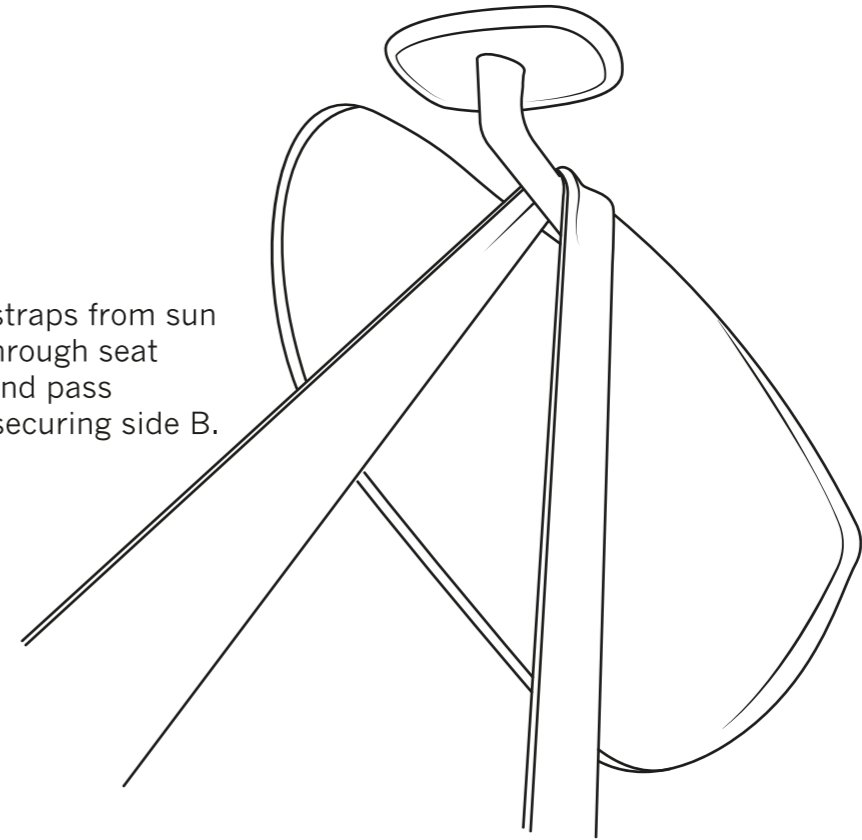

2.

Using each of the sun visors, secure side A by passing straps through each of the sun visor pivot corners.

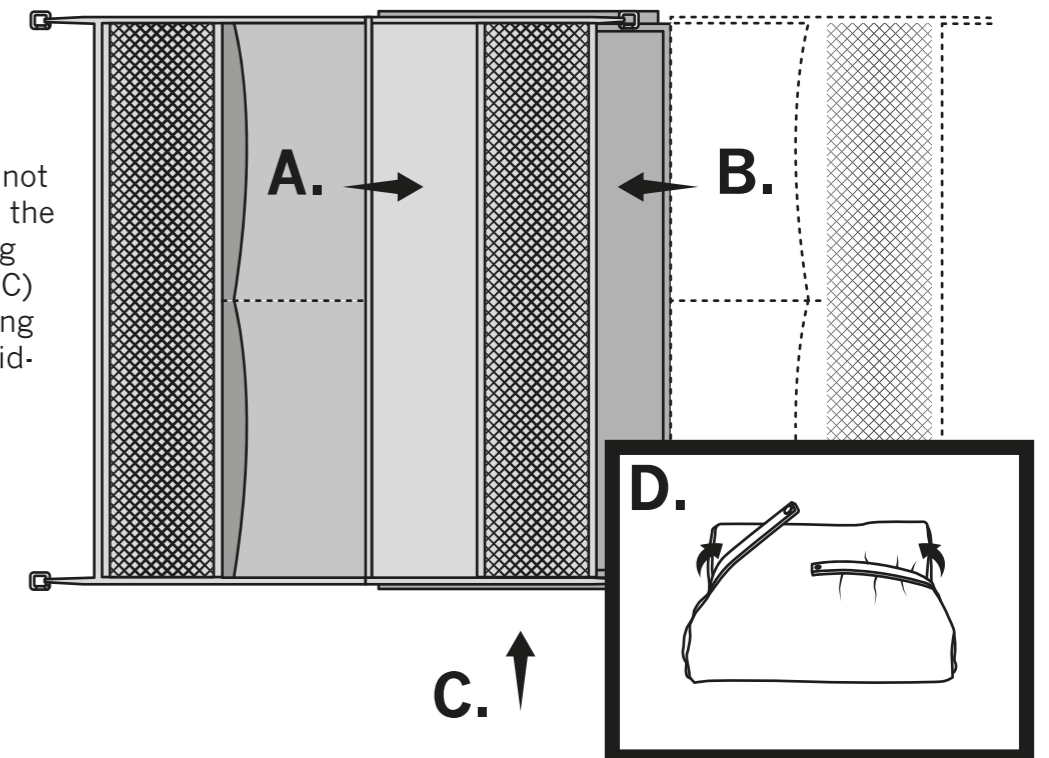

1.

Pass webbing straps from sun visor corners through seat belt channels and pass through clips, securing side B.

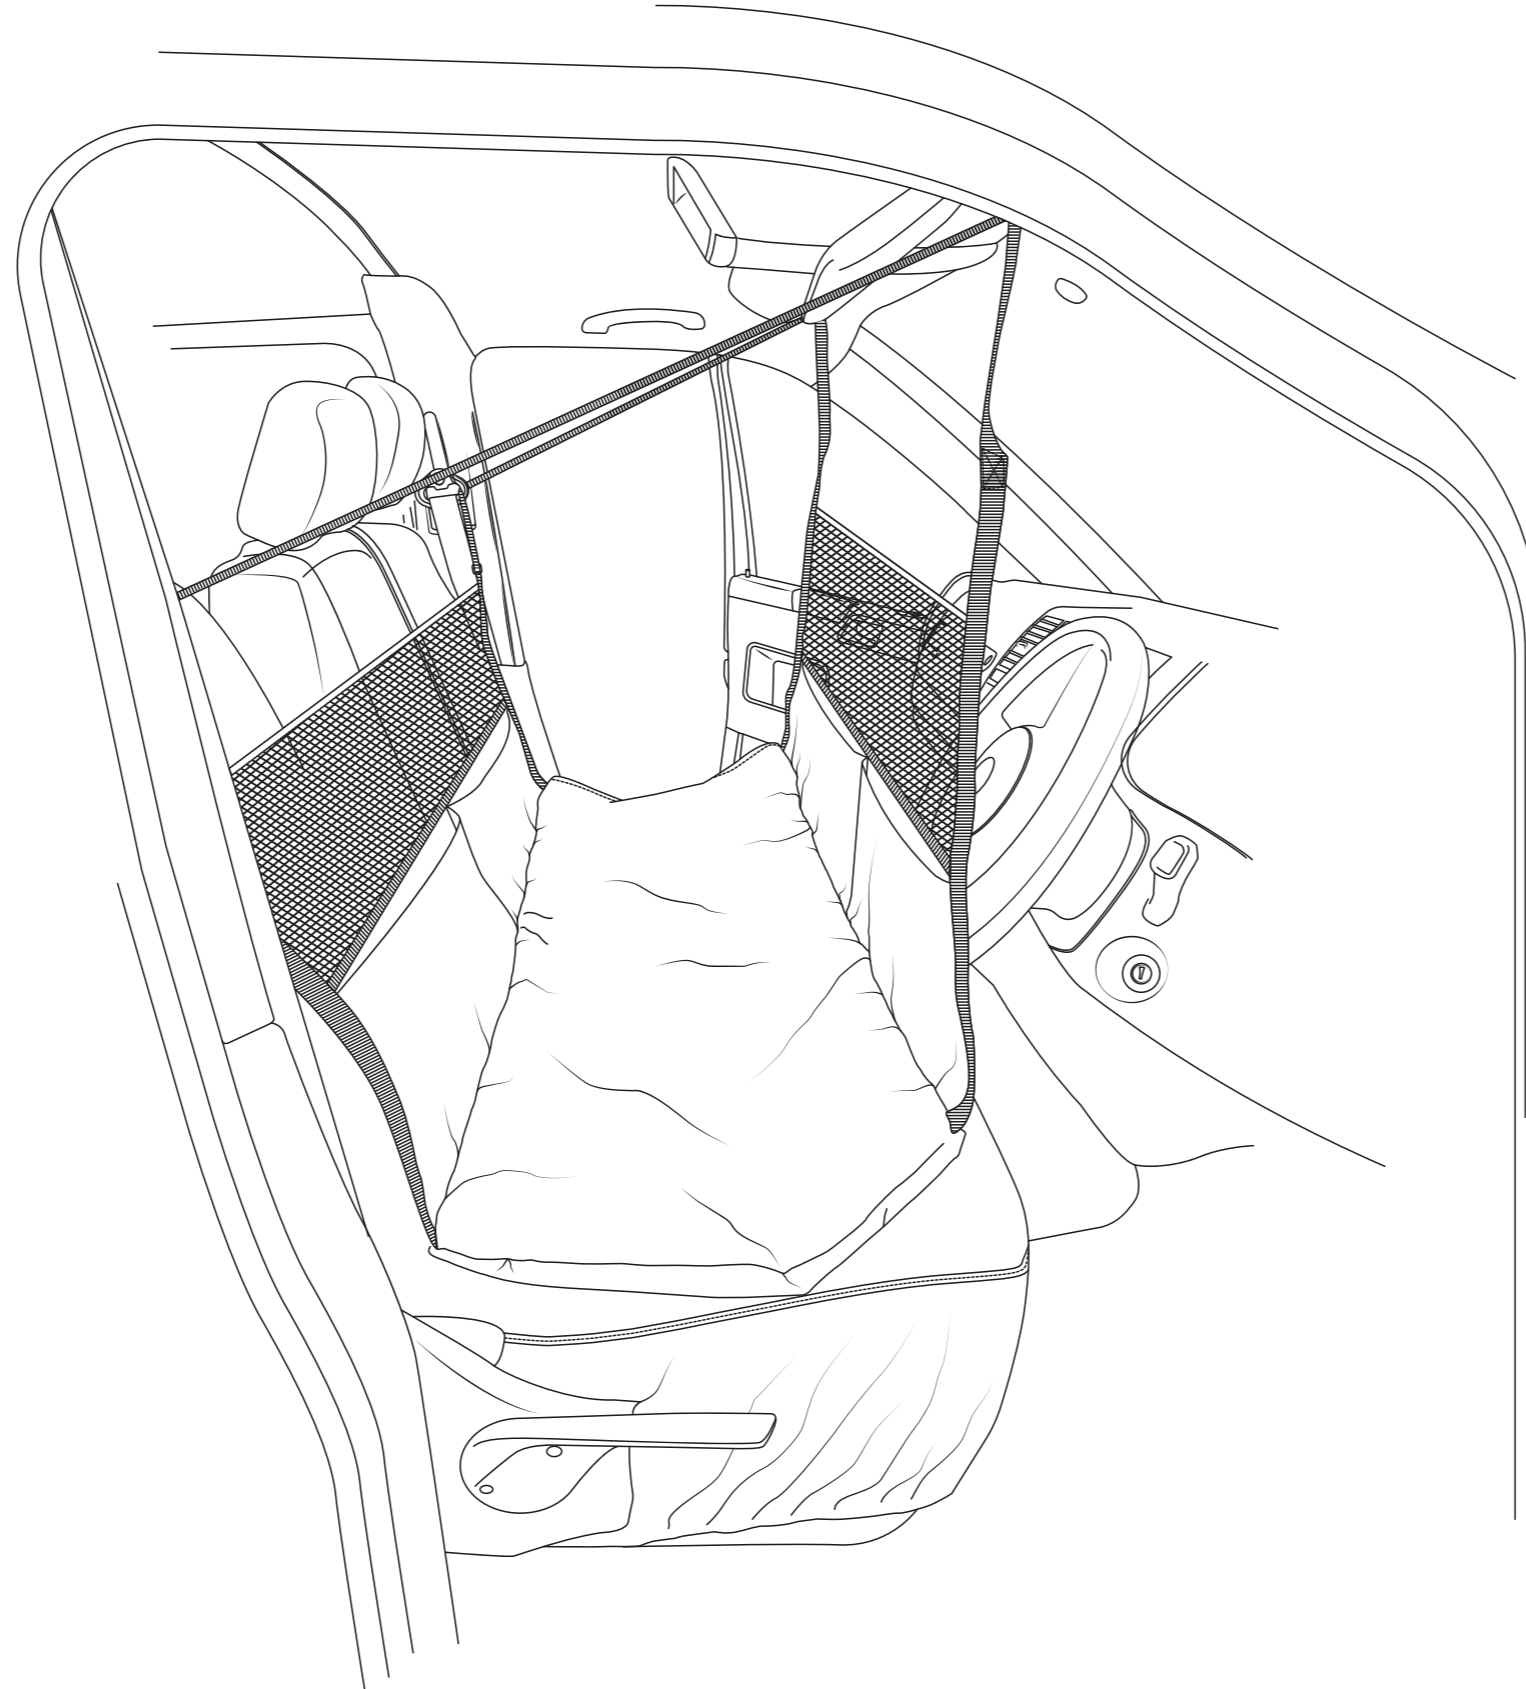

3.

To store the bunk when not in use, place straps into the main body (A+B), folding the mattress into itself (C) and closing securely using the popper closure provided (D).
