BlockBusters

Fairy Lights

Made using Studio 180 Design's Tucker Trimmer® I, Rapid Fire® Lemoyne Star, and Four Patch Square Up® and Offset Four Patch Tech Sheet

BlockBusters 2022 #70

Difficulty: ★★★★★

All the instruction you need to make the units required for this block came with your **Rapid Fire® Lemoyne Star** and **Four Patch Square Up®** tools, and the **Off Set Four Patch** technique sheet. There are charts, step-by-step graphics, and directions. Use the table to find the finished size of the unit you want to make. Then work your way through the tool instructions and technique sheet to create your units.

The combination of Lemoyne Star quadrants with traditional units gives you blocks that look very unique. You will want to pay attention when making your Lemoyne quadrants. Follow the Lemoyne Star instructions with your chosen fabrics to step 14, where you sew your pairs of star points together. Once you sew your pairs together, you will trim the Lemoyne Star quadrants using the **Tucker Trimmer® I** to the size designated in the chart. Remember, you have already trimmed the “center point” sides of the Lemoyne quadrant, so the only trim you need to make is on the “outside edge” sides. For one of the blocks I did use mirror image units, which means that you need to make an “A” and “B” section in each color to have that happen.

Note that when you are making this block, the seams of the four patches will not align with the seams of the Lemoyne Stars. So don't worry about them not aligning.

With this block, don't be afraid to change up the center Four Patch unit. By changing the unit to something different, you can create a different looking block. See what happens on the second page when you change it to a plain square, a square squared unit, or a stacked square unit. The differences in the blocks are amazing. So have fun playing with options.

Unit Summary

Unit A

Unit B

Unit C

Cutting Chart

Unit	# of units required	6" Block	9" Block	12" Block
A: Lemoyne Star Quadrant	6	Strip sizes for a 4" finished block	Strip sizes for a 6" finished block	Strip sizes for a 8" finished block
Lemoyne Quadrant Trim		2½" trim size	3½" trim size	4½" trim size
B: Four Patch	1	2" finished size 2½" trim size	3" finished size 3½" trim size	4" finished size 4½" trim size
C: Offset Four Patch	2	2" finished size 2½" trim size	3" finished size 3½" trim size	4" finished size 4½" trim size

Alternative Center Block Ideas

For sizing, refer to the Four Patch trim size.
