# Shaded Four Patch Table Runners

Companion Layout for Studio 180 Design's Tucker Trimmer® Tools and
Shaded Four Patch Technique Sheet

Shaded Four Patch Runners

Companion Layout for Studio 180 Design's Tucker Trimmer® I Tool and Shaded Four Patch Technique Sheet
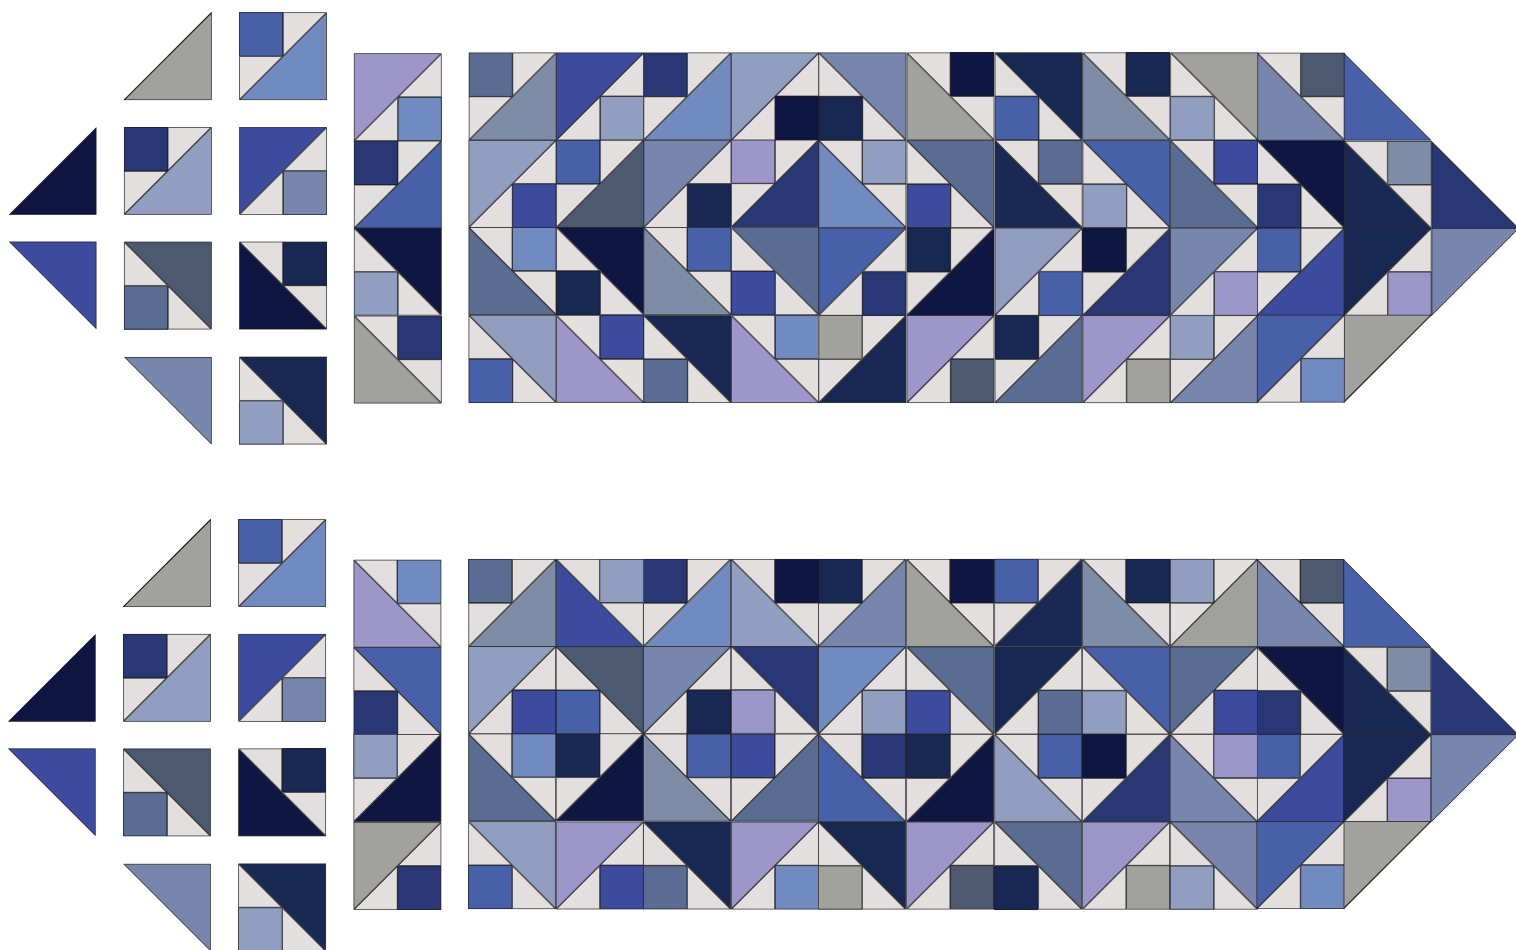

Project Designed by Deb Tucker, Studio 180 Design
Recommended Tools: Tucker Trimmer® I and
Shaded Four Patch Technique Sheet
Project Size: Varies

Looking for a fun project to make this weekend? Our Shaded Four Patch Table Runner is a simple project that comes together quickly and works great with scraps! All you need to do is decide what size Shaded Four Patch blocks you want to make and follow the instructions on the **Shaded Four Patch Technique Sheet** to create 52 blocks. Add 8 half-square triangles to finish off the ends, and you're all set! Both of the layout options below use the same number of blocks and triangles to complete, the only difference is the rotation of the blocks. Choose your favorite, or make them both!

Note: Watch the instructional video at **Studio180Design.net** for additional information. Left handed diagrams are available on our downloads.

We hope you have enjoyed making your own version of *Shaded Four Patch Table Runner*, and we hope you consider sharing a photo of your project either on Instagram (#ShadedFourPatchRunnerPattern180) or on our Gallery page!
