

**KLO & CO**

*A Spin On Time*

## BEGINNINGS

**KLO & CO** is a Filipino watch brand with a passion for high quality timepieces and beautiful design. The idea is to create unique timepieces that offer attractive aesthetics and top-notch quality, while maintaining exceptional value.

After diligently studying the art of watchmaking, we prepared our collection to satisfy the diverse tastes of our customers. Each component is designed to be able to attain the exacting standards that each watch deserves to have.

The 2016 **KLO & CO**  
Originals collection

## THE ORIGINALS

With this idea in mind, **KLO & CO** designed its first watch, the Space Walker, showcasing the potential of its innovative Hyper Axis design concept to the overall aesthetics of the watch. The Space Walker also headlined **KLO & CO's** Originals line of watches eventually spawning other designs ranging from the classic to the modern.

*“Seeing a void in the market for high quality, beautifully-designed timepieces with desirable price points, we decided to create our own unique line of timepieces which can compete with the best in terms of craftsmanship, elegance, and mystique.”*

*- Kenn Ong, Co-founder*

## THE SPACE WALKER

*A journey to infinity begins with a  
single step forward.*

Celebrating the pioneering spirit of space exploration, **KLO & CO's** first design showcases the unlimited potential of the innovative hybrid-movement design concept. Inspired by the beauty and mystery of outer space, the Hyper Axis dial is lumed with stars and painted with an astronaut performing a space walk over Earth.

## SPACE WALKER

Steel on Leather

Ref. 92515.160

## Technical Data:

Model Name:	<b>KLO &amp; CO</b> Originals Space Walker
Case Material:	316L Stainless Steel
Crown:	Signed Infinite Crown
Case Diameter:	41mm
Case Height:	12mm
Lug Width:	20mm
Bracelet:	Black Crocodile Tapered Genuine Leather with Curved End Links
Dial Style:	Quilted Vanilla Cream, Space Walker Hyper Axis Dial, Micro Precision Time
Case Back:	Engraved Infinite Case Back

## THE CLASSIC

*For the those who only want the finer things  
in life, and are not afraid to get it.*

Classic watch designs in exquisitely finished 316L stainless steel. Essential to every wardrobe, these fine timepieces utilize **KLO & CO's** KCM 081 hybrid micro precision movement paired with an automatic sweeping Hyper Axis hand that comes to life when worn. It also features a domed sapphire crystal and tapered genuine leather strap with curved end links to give the already unique looking timepiece even more panache. The Classic line is a perfect fit for those who pursue only the best and never settle for anything less.

## SILVERSTONE

*When finishing the race is as important as winning it.*

Fueled by the passion for racing and thirst for victory, the **KLO & CO** Silverstone is a tribute to fine automobiles and piston-pumping motorsports. With its distinct red hands, and speedometer inspired Hyper Axis dial, the Silverstone is meant to ignite the senses and bring back the satisfying feeling of going flat-out in every straight line and hairpin bend.

# VILLAMOR

*Be the hero you want to be.*

December 1942 -- A fleet of state-of-the-art Japanese "Zeroes" fly within the Pacific Ocean theatre of war. The Filipino-American air force led by fighter pilot Jesus Villamor, in true David versus Goliath fashion, courageously engage the superior enemy fleet with their outclassed P-26 "Peashooters". Their success in this encounter ultimately immortalized Villamor into the annals of Philippine history. KLO & CO celebrates this act of courage against all odds through the Villamor wristwatch.
