### **PART 1: BEFORE YOU RIDE**

## 1.1 Safety Warnings

**GENERAL WARNING:** Riding the Uber Scuuter can be a hazardous activity even under the best circumstances. Proper maintenance of the Uber

Scuuter is your responsibility and can help reduce risk of injury. Certain conditions may cause the equipment to fail without fault of the manufacturer. The electric scooter is intended to move and it is therefore possible to lose control, fall off and/or get into dangerous situations that no amount of care, instruction or expertise can eliminate. If such things occur you can be seriously injured or die, even when using safety equipment and other precautions. RIDE AT YOUR OWN RISK AND ALWAYS USE COMMON SENSE.

This manual contains many warnings and cautions concerning the consequences of failing to maintain, inspect or properly use your electric scooter. Because any incident can result in serious injury or even death, we do not repeat the warning of possible serious injury or death each time such a possibility is mentioned.

YOUR SAFETY IS UP TO YOU when you are operating your Uber Scuuter.

**WARNING:** The Uber Scuuter is not a toy and not meant to be used by children. It is NOT child-proof.

Check and obey all local laws and regulations regarding helmet use and scooter operation in the locations where the electric scooter may be used.

# 1.2 Safety Tips

YOUR SAFETY IS UP TO YOU when you are operating your Uber Scuuter. We list a few safety tips below to help you reduce the risk of injury, but it is not possible to list all.

- Always wear a helmet and other safety equipment and appropriate clothing and shoes.
- Check the condition of your Uber Scuuter each time you're are going to ride it.
  Make sure all the components, including the tires are in good condition and working properly.
- Always maintain a hold on both handlebars while riding.
- Never allow more than one person at a time to ride the scooter.
- Do not exceed the weight limit of 264 lbs.
- Keep your fingers and other body parts away from wheels and all other moving components.

- Do not ride your scooter in rain, wet or icy weather and never immerse the scooter in water.
- Always avoid excess speed associated with downhill rides.
- Do not brake harshly.
- Only use authorized charger and parts.
- Do not allow hands, feet, hair or any other body parts to come in contact with moving parts while engine is running.
- Do not ride while using cell phone or other electronics while wearing headphones.
- Always be alert and ride defensively to help prevent accidents. Watch out for obstacles that could catch one of the scooter's wheels or force you to turn suddenly and/or lose control.
- Do not improperly disassemble or modify the Uber Scuuter. The warranty will be voided.

### 1.3 Pre-Ride Checklist

#### **Brake**

Check that the brakes are working properly. When you squeeze the lever, the brake should provide positive braking action.

### Frame, handlebars

Check for cracks or broken connections.

#### **Tires**

To ensure safety, check the tread and tire pressure of both tires each time before riding. Make sure tire pressure is properly inflated to the manufacturer's recommended tire pressure.

#### Hardware

Check all parts such as nuts, bolts, cables, etc. to ensure they are secure and assembled correctly. If the unit is damaged, do not ride.

# Laws & Regulations

Always check and obey any local laws or regulations regarding helmet use and scooter operation.

#### Insurance

Do not assume that your existing insurance provides coverage for use of this product. Check with your insurance company for information before riding.

### **Proper Attire**

Always wear proper protective equipment such as an approved safety helmet with chin strap securely buckled. A long-sleeved shirt, long pants, and gloves are recommended. Never ride barefooted or in sandals, and keep shoelaces tied and out of the way of the wheels.

YOUR SAFETY IS UP TO YOU when you are operating your Uber Scuuter.

### 1.4 Product Features

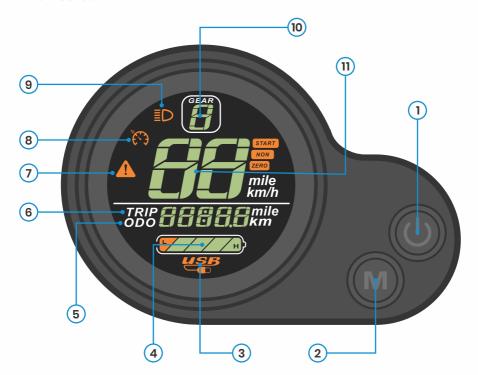

- 1. High Performance Electric Engine
- 2. Powerful LED Light
- 3. Foldable Design
- 4. Front and Rear Disc Brakes
- 5. The perfect Cockpit
- 6. Large, anti-slip surface for more stability and grip while driving
- 7. Integrated, foldable parking stand with increased durability
- 8. Adjustable height of the steering bar to fit any body size

# 1.5 Product Specifications

MODEL	GT6-S		
MAX LOAD	120KG		
GRADEABILITY	15°		
DISTANCE RANGE	60-80KM		
COLOR	BLACK/WHITE		
MATERIAL	ALUMINUM ALLOY		
TIRE SIZE	10"		
TIRE TYPE	AIR TIRE		
NET WEIGHT	22KG		
UNFOLDED SIZE	1200x570x1190MM		
FOLDED SIZE	1150x120x430MM		
PEDAL WIDTH	210MM		
VOLTAGE	48V		
BATTERY	ENVIRONMENTAL LITHIUM BATTERY		
CAPACITY	18Ah		
MOTOR	DC BRUSHLESS TOOTHLESS MOTOR		
POWER	500W		
INPUT VOLTAGE	AC110-20V		
OUTPUT CURRENT	2A		
CHARGING TIME	9Н		

# **PART 2: ASSEMBLY & SETUP**

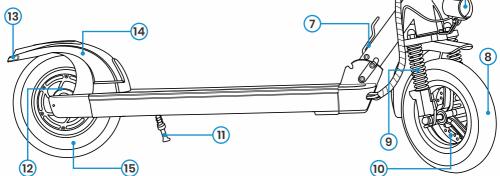

### 2.1 LCD Screen

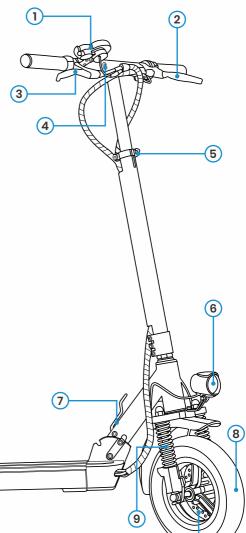

- 1. On/Off Switch
- 2. Gear Switch
- 3. USB Indicator
- 4. Power Indicator

3.9 How to Remove Battery

### **PART 4: MAINTENANCE**

### 4.1 Maintenance

- 1. Please make sure the tire pressure is 40 psi or properly inflated to the manufacturer's recommended tire pressure.
- 2. Fully charge the battery before storing the scooter. Fully charge and discharge battery every two months if the scooter will be unused for a long period of time.
- 3. Form a good habit to charge battery every day in order to guarantee longer battery life.
- 4. Check if screws of front and back wheels are locked firm.
- 5. Do not wash or spray down using water hose in order to avoid damaging inner parts of circuitry.
- 6. Use neutral cleaner to wipe the scooter surface softly then wipe with dry with clean cloth.
- 7. Do not inject oil on disc, brake or rim.

### 4.2 Battery & Charger Use & Care

### **Battery**

- 1. Keep away from fire and flammable, explosive and corrosive gas.
- 2. Do not dismount the battery arbitrarily in order to avoid damaging inner parts.
- 3. Do not damage the label on the battery to avoid losing manufacturer warranty.
- 4. Use only the manufacturer's battery which can be purchased from uberscuuter.com.

# Charger

- Use ONLY with the recommended charger. The charger supplied with the scooter should be regularly examined for damage to the cord, plug, enclosure and other parts. In the event of such damage, the electric scooter must not be charged until it has been repaired or replaced.
- 2. Charge battery fully before initially use.
- 3. The charger contains high-voltage circuit, don't dismount arbitrarily.
- 4. Use the charger in a dry & ventilated environment.
- 5. Do not operate charger near flammable materials.
- 6. Unplug charger and disconnect from scooter when not in use.
- 7. Always disconnect scooter from the charger prior to wiping down and cleaning your scooter with liquid.

7. Charge in safe place where children can't reach.

### **PART 5: WARRANTY**

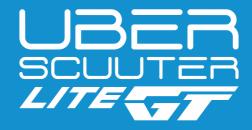

## **Uber Scuuter Limited Warranty**

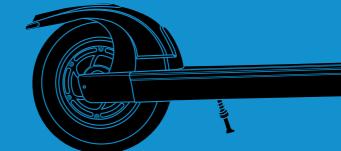

The manufacturer warranties this product to be free of manufacturing defects for a period of two years from date of purchase. This Limited Warranty does not cover normal wear and tear, tires, tubes or cables, or any damage, failure or loss caused by improper assembly, maintenance, or storage or use of the Uber Scuuter. The Limited Warranty will be void if the product is ever modified in any way.

The manufacturer is not liable for incidental or consequential loss or damage due directly or indirectly to the use of this product.
