Thank you for participating in our TWT Community project to celebrate our 7th birthday! We invite you, our lovely TWT community members and customers, to knit or crochet a bunting in any TWT yarn of your choosing. We ask that you make a knit bunting using the (free) TinCan Knits pattern, Swatchtastic, available on Ravelry here: <https://www.ravelry.com/patterns/library/swatchtastic>. If you prefer to crochet a triangle, Pink Milk has a free pattern on Ravelry here: <https://www.ravelry.com/patterns/library/simple-crochet-bunting>.

The size of your bunting should be approximately 7" to 8" across the top when done. You can make a classic garter or stockinette triangle, or use your favorite stitch pattern, lace design, or colorwork motif. Let your creativity flow!

Please cut out the above card, fill in your information, and enclose it with your knit or crocheted bunting triangle when you send it to us. We will happily be using your triangles as a bunting to dress up our showroom (when it opens) and will also be sharing some on our [Shopcast!](#)

NOTE: If you do not have access to a printer, feel free to write your information on a card in the same format as above, and one of our team members will transfer your details to a card when it arrives to us.

Please send your completed bunting to us by July 31st at:
