FOOD SERVICE

Fine tea is the symbol of hospitality

Tea is growing in popularity year by year, particularly among younger people. That means it's a growing market for the food service industry. The tea drinkers you serve are becoming more knowledgeable so be sure to serve them the finest. Your link to great tea is Harney & Sons Fine Teas.

MATCHA

We source Matcha of the highest quality from Uji, Japan. We have products fine enough for a Japanese tea ceremony, Organic Everyday Matcha and specially delicious flavored Matcha. For frothy Matcha Lattés and culinary purposes, use Organic Everyday Matcha.

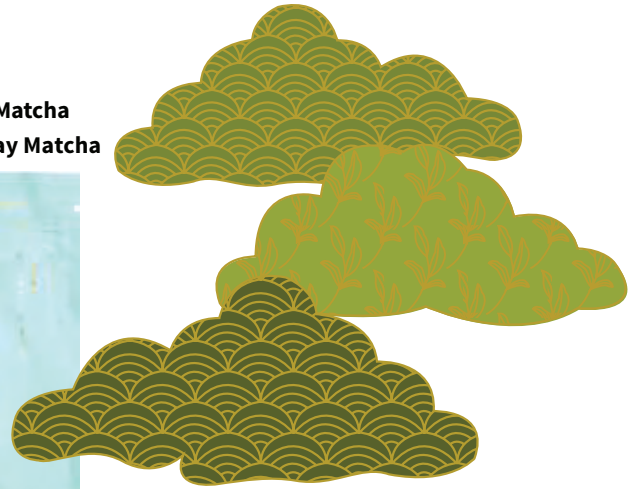

METHOD FOR CRAFTING THE PERFECT CUP

1. Measure 2 heaping scoops with a bamboo scoop or 1 teaspoon of Matcha powder and add to a bowl.
2. Pour 4 ounces of 175 degree water, using a whisk, agitate the water until it froths.
3. Be careful not to scrape the bottom of the bowl, and to keep your whisk as vertical as possible.

TEATIME IS ANYTIME

John Harney was the founder of our firm; also an exemplary husband, father, grandfather, and visionary. He is no longer with us, but his spirit, wisdom, and vigorous enthusiasm for the world of tea are very much present. It was Papa John, as he is known, who coined the phrase “Teatime is Anytime,” a simple fact that the ancient Chinese knew and which you can find demonstrated hourly anywhere. Harney & Sons tea is enjoyed on all seven continents. So... the sun never sets on Harney & Sons.

John and Elyse Harney, photographed March 2014.

During these complex times we have resolved to stick to what we do best: making very good, fresh and delicious tea. We believe that by offering a splendid cup of tea, and quite a lot of interesting new products, we are making life just a little better. We’ve designed this wholesale catalog to be informative, innovative and useful so you can order whatever you want quickly and easily. Meanwhile, we welcome questions, requests and suggestions. Our business is helping your business thrive.

Do you have questions?

Our tea consultants are available Monday through Friday from 9:00 to 5:00 EST. They are happy to assist you with placing your order, a prior purchase, or to help you make a decision about teas, teaware or training.

Like thousands of other businesses across the United States right now, Harney & Sons has ramped up our already industry-leading safety protocols in our facilities. Our employees’ safety on the job and the careful processing and handling of our products are our top priorities. If you’d like to learn more, read our post on the topic (<https://www.harney.com/blogs/news/tea-covid-19>). Meanwhile, please know that we’re watching out for our people and our customers.

Because we know that **safety = safe tea**

Use Harney Tea, pure water and keep tea fresh

We care about the quality of our tea and we know your customers do too. A good pot of tea cannot be made from inferior tea, use great tea! Water affects the taste of your tea so use pure or filtered water. Tea picks up flavors and odors so store it in sealed containers (or our tins) and away from the light.

Brewing the perfect cup

Heat your pot by filling it with boiling water. Recycle the water. Use one teaspoon, teabag or tea sachet for each cup of tea. Follow the steeping instructions as each tea has their own required time and temperature. Once the steeping time is reached, remove tea, teabag or sachet to achieve the perfect strength. Enjoy.

Proper Steeping Temperatures & Time

White Teas	175° F	3 minutes
Green Teas	160°-175° F	1-3 minutes
Oolong Teas	180°-212° F	3-4 minutes
Darjeelings	175°-212° F	3-4 minutes
Black Teas	212° F	5 minutes
Herbals	212° F	5 minutes

Suggested brewing times apply for loose tea, sachets or tea bags.

YOUR OVERVIEW OF HOW TO BREW

White Tea

Minimally processed, white teas are among the world's rarest. Hand plucked, unopened buds brew up into a subtle blend of sweetness and vegetal flavors. The best white teas are from Fujian province in China, and from Sri Lanka.

Matcha Tea

Matcha is vital, powdered green tea leaves packed with antioxidants that are delicious and energizing. Originally used for the Japanese Tea Ceremony, our customers have come to love its vegetal taste.

Black Tea

Black teas range from mellow teas from China to full-bodied teas from Assam, India. Black teas are withered, rolled, fully oxidized, and oven-fired which creates many warm, toasty flavors.

Green Tea

Green teas are the most ancient of teas. Produced both in China and Japan, production methods vary but the focus is always to fix the green color. We're happy to offer a stimulating selection of gorgeous green teas. Heat your water to 175° F and steep for 3 minutes.

Oolong Tea

Partially oxidized, Oolong teas are in between green and black. They likely first appeared 300 years ago in China's coastal Fujian province. Steep Oolong teas for 3-4 minutes, then remove tea, tea bag or sachet.

Herbal Infusion

Whether you call them infusions, tisanes or "teas," these exclusive brews and blends are made from roots, flowers, leaves and seeds. Herbals have a long tradition in many cultures, and ours are delectable and caffeine free. Herbals should be brewed in 212°F water for 5 minutes.

Elegant teas for your customers

The Harney & Sons brand on a product is a symbol of the quality that goes into it. The Harney family is personally involved in sourcing, selecting, blending and transforming the best tea, natural flavorings and herbs, and oversee every step of the production process. The result is an array of premium products that customers love and return to again and again.

HISTORIC ROYAL PALACES COLLECTION

Historic Royal Palaces from Harney & Sons are elegant tins of 30 sachets and the adorable, giftable 5 ct. Tagalong tins. Each sachet contains whole leaf tea, measured, weighed and precisely packed in a pyramid sachet to provide a perfect 10-12 ounce cup of tea! These jewel-toned tins make great gifts as well as delicious tea.

WELLNESS COLLECTION BLENDS

Harney & Sons are leading the way in the wellness trend. We are dedicated to mixing the qualities and power of adaptogens and spices with the finest quality ingredients. These are beautiful beverages: Chaga Chai warms and nourishes, Golden Milk is a natural botanical infusion to calm the spirit and Hemp Moringa is a soothing natural aid to sleep.

4 Tins per Case

48298 Hemp Moringa 5oz.

Moringa is a nutrient-rich natural sleep agent and mixed with our Harney-grown hemp and turmeric, holy basil, coconut pieces, goji berries and nutmeg, this caffeine-free beverage is an aid to a relaxing night's sleep.

48296 Golden Milk 8oz.

A traditional Ayurvedic beverage is a blend of organic turmeric, ginger, coconut pieces, black pepper and chicory root to make a soothing caffeine-free drink.

48297 Chaga Chai 8oz.

A delicious combination of wellness botanical Chaga mushrooms with wakaya ginger, cinnamon, coconut pieces and warming herbs that provides a healthy glow yet is caffeine-free.

WELLNESS COLLECTION SINGLE HERBS

The Harney family have traveled the world in quest of the finest, freshest, purest herbs and spices. Good herbs and spices can build resilience and reduce inflammation. All are delicious and have no caffeine.

ART TEAS

Certainly a sight to behold, art teas take tea drinking to another level. For most teas the taste of the tea is most important but here the focus is on the visual appeal. The large white buds have a subtle flavor. When you place your tea buds into hot water, the bulb blossoms revealing a beautiful flower inside.

THE HEMP DIVISION
From the Roots Up

THE HEMP DIVISION

Unique and effective ingredients, Harney grown hemp, naturally extracted CBD, highly bioavailable.

In 2018, brothers Michael and Paul Harney embarked on a mission: create an all-new, extraordinary fusion of fine tea and premium CBD. Fueled by their 30+ years of combined tea experience, they decided to do it from the roots up and worked with hemp farmers to plant 7000 hemp plants on the Harney & Sons headquarters in Millerton, NY forming their new sister company: The Hemp Division.

Every day brings something new to The Hemp Division. From first planting and tending to drying, extracting, packing, and bottling, every moment goes towards creating great results. The Hemp Division now boasts a lively selection of Tea + CBD blends for all occasions, from hot and iced brews to sparkling beverages. For those who prefer to enjoy THD's high-quality CBD in other ways, there are also tinctures and bath sundries, all richly infused with their own hemp extractions. The Hemp Division is committed to crafting the highest quality products, all *From the Roots Up*.

DISTRIBUTION

We are a leading bottled beverage distributor

In addition to our own Harney & Sons bottled products, we act as distributors for some unique and delicious beverages from the USA and around the world. You can be sure that if we have chosen to distribute a product, it is likely to be both popular and profitable. We would love to talk about your requirements. Visit our website for more information today. Harney.com

NITROGEN INFUSED TEA

Harney & Sons' most popular tea, Hot Cinnamon Spice, infused with nitrogen and served in a convenient can. textured tea drinking experience. Zero calories and sugar with maximum texture. The result is decadently creamy, velvety, and scrumptious. **Serve chilled**, pour vigorously.

1 Blend

JUICES & BUZZ

Yaupon is an inspired American comeback. Ranchers cleared this caffeinated native holly from scrubland, but we found it on a Texas farm. Our bright peppermint hails from Washington State, earthy guayusa holly comes from Ecuador, and evergreen yerba mate is shade-grown in Argentina.

OUR LONG-TERM COMMITMENT TO THE HEALTH OF OUR PLANET

The Harney family and staff are very proud to be part of this fine global organization working toward protection of the environment 1% at a time. As of this year Harney & Sons (with your help) will have donated nearly four million dollars to 1% for the Planet. When you select fine teas from Harney & Sons, you'll know that a portion of is set aside for this global stewardship effort.

Through 1% for the Planet, we support the following organizations:

350.org

Bay.org

Central Park Conservancy

Climate Central

Connecticut Farmland Trust

Cornell Botanic Gardens

Great Mountain Forest Corporation

National Park Foundation

National Young Farmers Coalition

Navdanya Trust

Ocean Conservancy

Pacific Crest Trail Association

Parks & Trails of New York

Real Food Challenge

Thames 21

Appalachian Trail Conservancy

Cary Institute

Charity: Water

Columbia Land Conservancy

Conservation International

Friends of the Great Swamp

Housatonic Valley Association

Live to Love

National Wild Life Federation

Nature Conservancy

New York Botanical Garden

Oxfam

Pacific Forest Trust

Rainforest Trust

Scenic Hudson

The Moon Over the Pond Educational Farm

JUST A FEW OF MANY ORGANIZATIONS THAT YOU ARE HELPING TO IMPROVE OUR WORLD

The Appalachian Trail is near and dear to our hearts—and to our home. We naturally desire to support the organization responsible for protecting this national treasure. Since 1925, the Appalachian Trail Conservancy has guarded the longest hiking-only footpath in the world, measuring roughly 2,190 miles in length and spanning 14 states. Funding is largely provided by more than 42,000 members and over 600,000 supporters—just like Harney & Sons.

With a name like Live to Love, you'll find exactly what you'd expect from this organization—a heaping helping of humanitarian effort. This non-profit serves the people of the Himalayas, a region where much of the world's tea is produced, by protecting natural resources, providing medical care and promoting equality. All Live to Love projects follow simple guidelines and create sustainable solutions for the future of each region while fostering a culture of peace. We thank you for helping us help Live to Love in their mission.

The committed conservationists at Rainforest Trust have been working diligently for over 30 years to protect precious land that is home to endangered species around the globe. Tropical rainforests affect the daily lives of every person on the planet. Rainforests are one of the most important natural resources left on Earth. They safely store billions of tons of carbon, helping ward off climate change. Tropical forests remain untapped resources for scientific and medical discoveries—a quarter of all medicines are sourced from plants found deep in the rainforests. They are also home to thousands of unique animals that depend on their protection for survival. You are helping Harney & Sons support this effort. Thank you.
