turn to the experts[™] 

Wi-Fi[®] is a registered trademark of the WiFi Alliance Corporation.

Carrier's best selling hi-wall: The Xpower Blue 3 is taking comfort to another level. With a sleek redesigned panel and outdoor unit, the new generation is made to please even the most demanding users.

Taking comfort even further, the Xpower Blue 3 comes with an optional Wi-Fi kit to provide the ability of controlling the system settings from any smartphone.

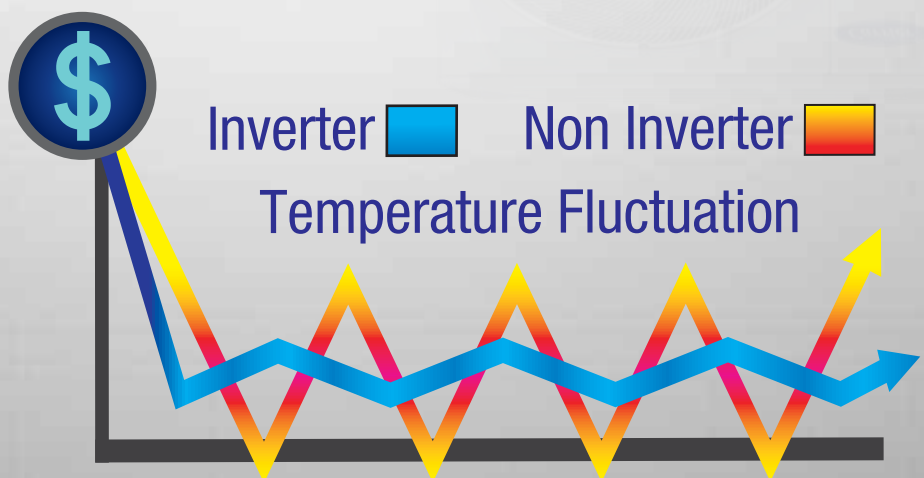

Plus, enjoy the convenience of our wireless remote control, with in-depth programming options and digital screen. The Carrier Xpower Blue 3 delivers quiet performance and an aesthetically-pleasing low profile.

So with flexible applications, uncommonly efficient performance and optimal comfort, all from a name that's been synonymous with expertise since 1902, The Carrier Xpower Blue 3 is a solution to make you feel right at home.

Exponential savings

With an efficiency rating of up to 16 SEER, the Xpower Blue 3 can save you up to 50% in your energy bill. This is possible thanks to its DC inverter technology, which allows to maintain a desired temperature with minimum fluctuations.

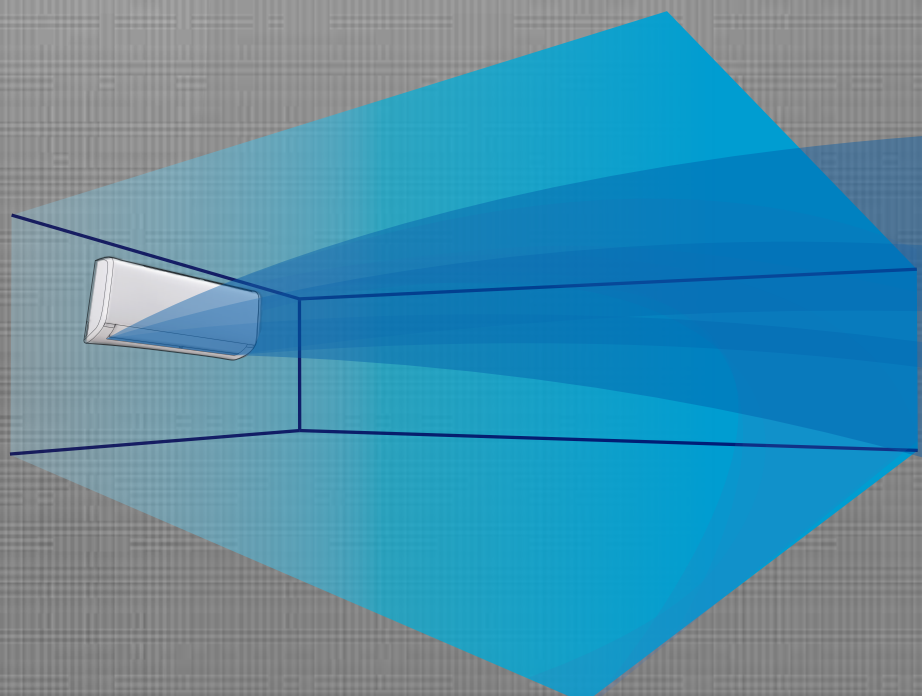

Exponential Product Life

The outdoor unit is built to last with an anti-corrosive treatment, which prolongs the unit's performance and sustains the most severe climates.

Maximized Airflow Reach

Spaces are cooled faster thanks to the system's high frequency start technology.

Comfort Lifestyle

Total Control at your fingertips

Take control even further. Carrier Xpower Blue has an optional Wi-Fi kit to give you the ability to manage your system's comfort and efficiency from your smartphone. The system can be turned on, off, set the desire temperature, and access other features, all from the convenience of your device. Available for Iphone and Android.

In addition, the system has several other control options for a variety of applications. So you can choose the control to best fit your needs.

A Century of Innovation.

Built on Willis Carrier's invention of modern air conditioning in 1902, Carrier is the world leader in heating, air-conditioning and refrigeration solutions. We constantly build upon our history of proven innovation with new products and services that improve global comfort and efficiency. Carrier Ductless Systems deliver efficiency, performance and control thanks to advanced technology. When it comes to creating comfort, one size or system may not fit all, but one name does: **Carrier.**
