

BLLÖX[®]

STACKING RACE

THE WORLD'S FASTEST STACKING GAME!

SEE

STACK

SLAP!

Object of the Game

Build your stack of blocks faster than the other players.

Setting Up

- Each player gets 5 blocks, one of each color.
- Players put their blocks flat on the table in front of them.
- Set up the **Stacky Pack** cards face down where all players can see and reach them. Stacky Pack cards show players what to build.
- Here's an example:

Back

Front

The front of the card shows the stack in two directions so players on either side of a table can see the stack right-side-up.

The dotted line represents the playing surface.

All blocks should be stacked vertically.

Playing

- One player* turns over a Stacky Pack card and everyone builds that stack.
- The first player to build their stack slaps the Stacky Pack card and yells, "BLLÖX!" That player then keeps the card.
- Blocks must stay stacked. If a player's blocks fall down as they reach to slap the Stacky Pack card, the player cannot take the card. All players continue to play until a player slaps the card with a standing stack.

Winning

- The winner of the **ROUND** is the first player to get 3 Stacky Pack cards!
- The winner of the **GAME** is the first player to win 3 rounds!

*The oldest player in the group turns over the Stacky Pack card first. Card turning responsibility passes in a clockwise direction after this.

Note

We play to 3 cards and to 3 rounds. This is our suggestion. You can play to whatever number your group wants!

CHECK OUT THE WACKY PACK!

Wacky Pack Play

- Rule #1: There are no rules!
- We aren't going to give you rules for the Wacky Pack, just guidelines for more fun! Each Wacky Pack card provides a new, crazy way to stack your blocks!
- Wacky Pack cards can be used for each stack, each round or each game! It's totally up to you. Either way, turn over the Wacky Pack card before the Stacky Pack card so everyone will know what wacky thing they will be doing when they start stacking!
- If you get a Wacky Pack card you don't want to play, just skip it. The blocks won't know the difference, we promise!

Wacky Pack Details:

- There are two variations of cards:

● **Solo** – Be wacky on your own.

● **Team** – Be wacky with a partner.

As a fun bonus, we've included two blank bonus cards so you can create your own wacky variations.
