

Hi  K9

The Original Raised Pet Bed

OUR ORIGINS

The Original...or the Original KLM Ltd to give us our full title is owned and run by myself Katherine, my husband Lee and our amazing daughter Molly (Hence the KLM in our name).

Being brought up around and having worked with animals, we realised there was a gap in the market for quality and practical products for dogs and their owners, so we set up in 2007 and haven't looked back since.

Based in Manchester with our four whippets, Pebble (who is now no longer with us), Slate, Gneiss and Marble. We love nothing more than escaping the city each weekend to attend Game fairs, county shows and dog shows, meeting our customers and their four legged friends.

We are constantly designing new products to add to our range and strive to provide our customers with new, practical and quality items with the Original...twist.

As a family-run business we thrive on your comments, suggestions and input. Wherever practical we try to conserve the planet and energy, sourcing and packaging our products accordingly.

Please enjoy The Original...and all its products.

Katherine, Lee and Molly McKay.

THE HIK9 BED

Many of us seem to have an idea of what a dog bed should look like – usually it is soft, padded and is placed directly onto the floor. Our beds are a little different from conventional beds and in our opinion it is this that makes dogs love them. Pet owners love them too as they are so easy to clean, deter infestations and don't get the smells we associate with dogs and their beds.

A fabric top suspended over a metal frame, our bed creates a very comfortable place for your dog to sleep, stretch and spend hours contemplating life! Unrestricted by sides your dog can choose to nest and curl up or stretch right out. Covers are replaceable and available in two different fabrics: a breathable mesh for dogs that get wet, dirty or overheat, or a canvas fabric that is smoother to the touch and prevents draughts. To clean, machine wash, jet wash, disinfect or wipe down - it couldn't be simpler.

THE HIK9 BED

The cover moulds to your dog's body ensuring there are no pressure points that can develop into unsightly and uncomfortable sores. No heat is conducted from your dog's body ensuring they are kept warm and comfortable with no condensation gathering underneath their bed creating smells, mildew and damp bedding. It is these features that make our beds especially good for dogs with arthritis and other joint problems. The mesh cover is also perfect for dogs that are suffering with skin allergies as the bed can be cleaned with ease; it also allows air to circulate and any debris to drop through the open weave.

All beds are fully collapsible and come in their own bag so are great not only at home but when travelling, holidaying or during times when your dog may need to be kennelled. The metal frame is rust-proofed for long-term protection then powder coated for improved appearance and enhanced protection meaning it can be left outdoors if required. It comes as standard with black plastic feet and will not harm your carpets or solid floors.

We also produce a range of accessories to complement your bed.

OUR COVERS

MESH

Our mesh covers are made from a tough-plastic coated polyester and have the following advantages:

- Breathable, air flow allows dogs to regulate body temperature
- Dust and hair drops through the mesh
- Very easy to clean and can be machine washed if necessary
- Drys almost instantly so can be back in use within minutes
- Can be left outdoors as water drains through the open weave
- Great for dogs that get dirty and wet on a regular basis
- Ideal for allergies as stops dust mites from breeding in bedding
- Continance issues - puppy training pads can be inserted between the double layer mesh catching any accidents
- Good for dogs with longer coats as they appreciate the air flow
- Doesn't harbour smells

HEAVY DUTY MESH

Our heavy duty silver mesh is ideal for heavier dogs. It has the following advantages:

- Comes with a reinforced, double width velcro strap
- Material is extra strong with reinforced stitching
- Suitable for larger breeds or dogs that like to share
- Also has the added benefit of reflecting the sun, creating a cooler bed if used outside in hot temperatures

OUR COVERS

CANVAS

Our canvas covers are made from a polyester fabric backed with a waterproof coating and have the following advantages:

- Doesn't allow air or water to pass through
- A soft feel fabric
- Dust hair and dirt are collected on top and wont stick to the fabric but can be brushed off easily
- Machine washable at 40 degrees
- Stops unwanted draughts

AWARD WINNING DOG BEDS SINCE 2007

OUR ACCESSORIES

REPLACEMENT FEET

- Set of 4 standard replacement feet inserts (pic 1, included with your bed)
- Set of 4 heavy duty feet in black or grey (pic 2 & pic 3, not included in your bed)
- Gives protection to the frame if kept outside
- Provides extra grip and stability on wooden, tiled and laminate flooring

SUNSHADE

- Fixes onto the frame with quick release clips
- Perfect for dogs that like to sunbathe
- Gives protection from the sun and offers a cool area for your dog
- Collapsible for transit
- Has a silver outer layer to reflect heat

CHEW GUARDS

- A heat treated plastic tubing which attaches to the frames edges stopping chewers from accessing the cover
- Will not splinter or fracture when bitten
- Can be removed easily
- Have been successfully tested in boarding kennels, police dog units and service dogs

BUNK BEDS

The leg extensions kit consists of 4 legs, 4 heavy duty feet, 1 connecting clip and jointing tape.

They work with frame sizes S, M and L allowing you to create a space saving bunk or a high level bed.

Size 1 will extend the height of your bed by 32cm.

Size 2 will extend the height of your bed by 42cm.

OUR TOPPERS

COSY SLEEVE

- Pulls onto the bed staying fixed until taken off, great for dogs that dig or drag bedding around
- Veterinary bedding is naturally hypo-allergenic
- High wicking properties, allowing damp dogs and the cosy to dry off quickly
- Backed with a special coating to allow maximum breathability
- Can help deter chewing as many dogs don't like the texture of veterinary bedding

STANDARD COSY TOPPER

- The standard cosy topper has the same benefits as the cosy sleeve but is attached with quick release clips on all corners
- A reversible topper using veterinary bedding on one side and a cooler polyester canvas on the other
- Great for use all year round
- Quick release clips allow the topper to be removed quickly to wash

LUXURY COSY TOPPER

- The luxury cosy topper has the same benefits as the cosy sleeve but is attached with quick release clips on all corners
- Made using high quality upholstery fabrics and veterinary bedding giving a luxury feel and extra warmth
- Use the fabric side up during the warmer months as it stays cooler
- Overhangs the HiK9 bed covering the metal frame to provide added comfort

OUR TOPPERS

STANDARD PADS

- Reversible polar fleece pad, providing extra comfort for those dogs that need it
- Fixes onto the HiK9 bed frame with quick release clips on all corners allowing easy removal
- Fully machine washable with high quality compressed padding which is stitched into place, preventing clumping when washed
- Can also be used in crates and cages

WATER RESISTANT PADS

- The water resistant pad has the same benefits as the regular reversible pad but is a little more practical for dogs that like to get dirty & wet
- The pad is made from PU coated 100% polyester and is ideal for HiK9 beds that are used outdoors
- This pad is perfect for the summer months as it has a cooler touch

LUXURY PADS

- The luxury pad has the same benefits as the regular reversible pad however is made using high quality upholstery fabrics giving a luxury feel
- Fabrics used are a mix of velvets, cuddle softs, teddy fleece, microsuede and velours
- Luxurious fabrics that are soft and cuddly, perfect for the winter months

OUR TOPPERS

SNUGGLE TUNNEL

- Attaches to the bed with quick release clips on each corner
- Fully machine washable and made with polar fleece fabrics
- Foam front to help the hood stay upright allowing your dog easy access, this also means there is still the option to lie on top of the tunnel
- Good for convalescing dogs that like extra privacy or that like to burrow and be covered
- Can also be used in crates and cages

LUXURY SNUGGLE TUNNEL

- The luxury snuggle tunnel has the same benefits as the standard snuggle tunnel but has a padded hood for extra comfort
- Made using high quality upholstery fabrics for added comfort
- Perfect for cold winter nights

LUXURY NEST

- Fixes onto the HiK9 bed frame with quick release clips on all four corners allowing it to be removed easily
- The higher sides create a safe feeling environment on top of the HiK9 bed
- Inner cushion is reversible and fully machine washable
- Made using high quality upholstery fabrics and fleece giving a luxury feel

OUR TOPPERS

LUXURY BLANKET

- Fixes to the frame with quick release clips allowing it to be removed easily
- Fully machine washable
- Oversized fit to allow for dogs who like to bunch up their bedding and nest
- Gives light cushioning for those dogs that need it, perfect for summer use
- Has a reversible design made with soft fabrics

BAMBOO TOWELLING

- Fixes to the frame with quick release clips allowing it to be removed easily
- Fully machine washable
- Environmentally conscious fabric that is both breathable and absorbent
- Oversized to fit over other toppers to protect them for when dogs have been washed or come in wet and dirty from outside

SHEEPSKIN

- Machine washable
- 100% pure wool with natural properties
- Helps keep temperatures stable by trapping warm air within its fibres
- The softness of the wool creates a calming and soothing effect
- Fibres absorb moisture keeping pets healthier and cooler
- Doesn't attach to the bed

TRAVEL

Being fully collapsible, the HiK9 bed is the perfect partner if you're travelling with your pets.

With no tools required to assemble and a handy carry bag, it's ideal for camping, hotel stays or even just a day out at the beach or walking.

FREQUENTLY ASKED QUESTIONS

IS THIS DOG BED INDESTRUCTIBLE?

No! To some dogs nothing is completely indestructible, however, HIK9 beds stand up to a lot of wear and tear and we receive lots of positive feedback from customers stating that ours is the first bed their dog hasn't eaten! We supply replacement covers so it's never the end of the world if your dog does have a nibble every now and again. We also make chew guards to fit the bed.

WILL MY DOG LIKE IT?

We've never met a dog that doesn't like to get on our beds, sometimes it may take a little encouragement but generally they take to them like a duck to water (or should that be dog?) Dogs in the wild will always sleep up off the ground as it can be cold, damp and is also where parasites breed.

CAN I LEAVE MY BED OUTSIDE?

As long as the frame is not damaged. Stainless steel frames are also available and are ideal to leave outside all year round.

HOW LONG DOES A COVER LAST AND CAN I GET A REPLACEMENT?

Yes, covers are replaceable. Generally we expect a cover to last at least 12 months, although most people go for several years without needing to replace them.

CAN I MAKE BUNK BEDS OUT OF ALL SIZES OF HIK9 BEDS?

No, our leg extensions fit inside our Small, Medium and Large frames only. We use a thicker steel on our XL, XXL and H frames so the extensions will not fit.

TESTIMONIALS

WHAT OUR CUSTOMERS HAVE TO SAY

'Received my extra large bed yesterday and the dogs love it, especially my older dog who's getting a bit stiff in the back end. Excellent, can highly recommend these beds. Simple idea but ingenious at the same time.'

'Great beds, since using them my Danes joints are so much better and no more pressure points on their elbows.'

'Bought my GSD a bed from here as she has lots of allergies. Staff fantastic and very, very helpful, cannot fault them or the bed.'

'I love these beds! I've got 6, 3 indoors and 3 out. They're hard wearing, washable and the covers are replaceable when my terriers manage to have a nibble. The only beds I've ever found that survive the attentions of my Patterdales'

WE ALSO SUPPLY MANY PROFESSIONALS, BOARDING KENNELS AND RESCUE CENTRES

Halo Dogs

Halo Dogs have been using The Original HiK9 raised pet beds for a number of years. Not only are the beds comfortable, durable, easily cleaned and hygienic, but the range and quality continually improves and expands meaning we offer our four legged guests the best quality available

Ayrshire Dog Care

What can I say about The Original HiK9 raised beds without making them appear too good to be true! I can honestly say the beds have been a triumph, so much so that I have placed various orders since, both for my business and for clients who were very impressed when they saw them here. They report that the beds are equally popular with their dogs at home!
