DEF and Lubrication Equipment

Manufacturer of electric and hand pumps, tote packages, and meters.

Manufacturer of electric pumps, hand pumps, tote packages and meters.

Lubrication, DEF, grease, washer fluid, & coolant equipment including electric and air pumps, meters, hose reels, and bulk transfer systems.

Lubrication, DEF, grease, washer fluid, & coolant equipment including electric and air pumps, meters, hose reels, and bulk transfer systems.

Manufacturer of IBC totes and drums for lubricants, DEF, washer fluid, coolant, and more.

Manufactures the widest range of hose, cord, and cable reels including oil, grease, air, fuel, DEF, and more.

Stackable tank & fluid handling equipment for bulk fluid inventories such as lubricants, DEF, coolant, and washerfluid.

Manufacturer steel refined fuels and lubricants tanks.

Lubrication, DEF, grease, washer fluid, and coolant equipment including electric and air pumps, meters, hose reels, and bulk transfer systems.

Propane Equipment

Bergquist is a supplier of high-quality propane equipment, that includes various propane systems, heating solutions, and outdoor living enhancements.

Westmor Industries is made up of three divisions, truck and trailer, fluid solutions, and field service that manufacture a full line of petroleum and liquid handling parts and equipment.

Quality Steel is a proud U.S. manufacturer of aboveground and underground propane, ammonia, and dispenser tanks and pressure vessels for residential, commercial, small industrial, and agricultural use.

FEI offers a comprehensive range of propane equipment, fertilizer and chemical application equipment, and hearth products, serving the agricultural industry and propane dealers.

GEC provides a wide range of equipment and services for the industrial and commercial gas sectors, including gas control systems, regulators, and pipeline components. They specialize in solutions that ensure safe and efficient gas distribution and management for various applications.

TriArc Tanks are one of the leading propane tank manufacturers, designing and manufacturing high-quality steel tanks for a variety of different industries.

Propane Equipment

Supplies a complete program to transition fleets to propane Autogas. The program includes vehicle technology, EPA-certified conversion systems, refueling infrastructure, data integration, and training.

Offers innovative, patented fuel tanks, liquid propane injection systems, and supporting products to OEMs and the aftermarkets worldwide. Obtaining, installing, and maintaining a fleet's propane fuel systems.

The global leader in connected safety technology, providing wearable devices, personal and area gas monitoring, and cloud-connected software. With real-time connectivity via cellular and satellite, their solutions ensure rapid emergency response through 24/7 live monitoring.

Designs, installs, and constructs reliable propane facilities all over the United States. Completing turnkey installations of bulk-plant storage facilities to aerosol propellant plants.

A tech company that provides data-driven solutions for the petroleum & propane industries. Specializing in remote monitoring, data collection, and reporting to optimize operations and improve efficiency.

Manufacturer of storage containers for the oil and gas industry. Core products include above and below ground storage tanks, water tanks and trucks, liquid fuel tank trucks, propane gas tank trucks, propane transports and large storage tanks.

Petroleum Equipment

Manufacturer of fuel, oil & chemical transfer equipment consisting of pumps, meters, and nozzles.

Manufactures fuel transfer pumps, fuel meters and industrial instrumentation for fluid transfer pumps.

Fuel dispensing accessory manufacturer for everything that hangs from a fuel system including nozzles, hoses, swivels, and breakaways.

Manufactures fluid-handling equipment consisting of fuel nozzles, swivels, breakaways, spill containers, overfill prevention devices, for all fuel types such as gasoline, diesel, and other alternative fuels.

Manufacturer of petroleum dispensing equipment that consists of UL Listed gasoline, diesel, and vapor recovery nozzles. In addition they manufacture: swivels and breakaways, as well as specialty fueling equipment.

Petroleum hose manufacturer for the agricultural and service station industries.

Manufactures fluid filtration applications for water detection and removal medias. They offer an assortment of products including filters and adapters to meet agriculture and service station needs including tank sampler kits and pre-vent caps.

CHS Energy Equipment | chspetroleumequipment.com | 1-800-852-8186, option #1

Petroleum Equipment

Manufacturers filters used in a variety of industrial applications such as commercial, agriculture, aerospace, chemical, and alternative energy applications.

Designs, engineers, and manufactures fuel storage components for the energy industry consisting of valves, vents, gauges, alarms, spill containers, nozzles, swivels, and more.

Manufacturer of portable diesel and DEF storage and dispensing tanks.

Manufacturer of steel refined fuels and lubricants tanks.

Manufacturers American made tank gauges and components used on fuel systems.

Manufacturer of cloth and paper wiping products. Offers a selection of disposable and reusable wiping solutions and absorbents.

Manufacturer and distributor of energy storage, transportation, and dispensing equipment.

CHS Energy Equipment

Programs

CHS Storage for Pennies

Leasing program for Propane and Refined Fuel to manage expenses with these benefits.

- Reduce debt load by preserving working capital
- Alleviate supply interruptions with increased storage capacity
- Fill during off-peak demand for saving advantage

Safety Reimbursement

The CHS Safety Reimbursement program allocates one-tenth of a cent for every gallon of propane a marketer purchases from CHS into your safety fund.

We offer a host of items to help keep you safe including:

- Gloves
- Ice Cleats
- Tanks Monitors

Cabela's Rewards Program

Earn a \$25 Cabela's gift card for qualifying orders placed through the CHS Propane or Petroleum Equipment online stores and receive your gift card(s) the following month.
