

Jägermeister®

SPEED POUR FREEZER

OWNER'S MANUAL

INSTRUCTIONS

UNPACKING AND START-UP INSTRUCTIONS

1. Start by removing the included boxes of the Stag Pourer & Bottle Neck Extender.
2. Remove foam inserts to reveal the freezer.
3. Carefully remove the freezer by lifting it straight up out of the box.
4. Place the freezer in desired location with 4 inches of clearance on all sides.
5. Before plugging in, make sure the power switch in the back is in the **OFF** position.
6. Plug in, then flip the power switch to **ON**.
7. Take the Stag Pourer & Bottle Neck Extenders and screw on to 1L or 750ML bottles of Jägermeister Classic, then insert the two bottles in the cooling compartment. It is recommended that the bottles be chilled **BEFORE** inserting them inside the bottle compartment.

CLEANING INSTRUCTIONS

1. Turn off freezer and remove the bottles.
2. Using a damp cloth or paper towel, insert hand inside the bottle compartment to clean or wipe up any spillage.

PLEASE NOTE: Although the machine is equipped with an automatic defrost mechanism, you may notice build-up of ice in the cooling compartment when the relative humidity is high. If the ice build-up becomes excessive, turn off for a few hours and empty the Drip Tray underneath the machine afterward.

RETAIN YOUR ORIGINAL BOX AND PACKING MATERIALS FOR A PERIOD OF 1 YEAR. THESE ITEMS ARE NEEDED IF YOUR FREEZER REQUIRES SERVICE OR REPAIRS.
