

Jägermeister®

SHOT GLASS FREEZER

OWNER'S MANUAL

INSTRUCTIONS

UNPACKING AND START-UP INSTRUCTIONS

1. Start by removing the included boxes of shot glasses (if applicable).
2. Remove foam inserts to reveal the freezer.
3. Carefully remove the freezer by lifting it straight up out of the box.
4. Place the freezer in desired location with 4 inches of clearance on all sides.
5. Before plugging in, make sure the power switch in the back is in the **OFF** position.
6. Plug in, and flip the power switch to **ON**.
7. Place dry glasses in freezer upside down.
8. Place non-skid rubber mat on top of the freezer with logo facing up.

CLEANING INSTRUCTIONS

1. Turn off freezer and remove the trays.
2. Wipe down the trays with disinfectant spray; return trays to freezer.

IN CASE OF FROST

It is normal for frost to appear in the freezer. To remove the layer of frost, simply turn off the freezer and let it sit while the frost melts. The frost will automatically drain out of the freezer. It is recommended you place a towel under the freezer in case of seepage.

It is normal to experience a layer of frost up to 1/8" inch thick.
ALWAYS CHECK TO MAKE SURE THE DOOR IS CLOSED FIRMLY

RETAIN YOUR ORIGINAL BOX AND PACKING MATERIALS FOR A PERIOD OF 1 YEAR. THESE ITEMS ARE NEEDED IF YOUR FREEZER REQUIRES SERVICE OR REPAIRS.

IMPORTANT!

NOTICE

The Jägermeister® Shot Glass Freezer is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the Jägermeister® Shot Glass Freezer by a person responsible for their safety.

Children should not operate the Jägermeister® Shot Glass Freezer in any instance.

The Shot Glass Freezer's intended use is to chill Jägermeister shot glasses and should be operated in accordance with the laws and regulations of the location in which such use takes place.

HANDLE FROZEN SHOT GLASSES WITH CARE, FAILURE TO DO SO MAY CAUSE INJURY.

IMPORTANT!

When setting up your new Jägermeister Shot Glass Freezer, place it on a level surface, indoors, with 4 inches of space on all sides to allow for adequate airflow from the refrigeration system.

The Jägermeister Tap Machine may be placed on top of the Shot Glass Freezer.

DO NOT PLACE FREEZER ON AN ANGLE. FAILURE TO PROVIDE ADEQUATE CLEARANCE AROUND THE MACHINE WILL RESULT IN IMPROPER CHILLING OR POSSIBLE DAMAGE TO INTERNAL COMPONENTS.
