Returns Form

The garment must be in pristine condition and have been tried on for fit only.

Once we have received your return garment, we will then dispatch or knit and dispatch your replacement. If a refund is required, please include original paperwork.

Sizing Advice

Take a tight chest measurement and add 3 inches to an odd number (e.g. chest = 41" plus 3" = Garment size of 44) and add 4 inches to an even number (e.g. chest = 44" plus 4" = Garment size of 48), this should give you the garment size required.
