RHINO PACK

EXCLUSIVE OFFERS AND PRICING TO CLUBS, SCHOOLS AND UNIVERSITIES AT RHINO.DIRECT

Clubs, schools and universities can now benefit from an even greater choice of products and exclusive offers as well as some of the **most competitive pricing ever** on **RHINO.DIRECT**. Select from an extensive range of Rhino equipment; some used regularly by The British & Irish Lions during their last three tours, England, for more than 35 years, as well as Wales, South Africa and many more.

Apply for **FREE Rhino Pack membership** and you will get:

- your own special competitive prices on selected products
- exclusive offers
- the chance to win tickets and equipment signed by some of rugby's greatest players
- invitations to product launches
- chances to attend coaching clinics with world class coaches
- personalised club/school/university shop
- regular updates and news

Apply today at **rhino.direct**. Membership is FREE and you can join some of the world's greatest names when using the world's greatest rugby products.

BRONZE MEMBERSHIP 5% OFF selected products (FREE)

SILVER MEMBERSHIP 10% OFF selected products (upgrade upon £1,500 spend)

GOLD MEMBERSHIP 15% OFF selected products (upgrade upon £5,000 spend)

RHINO KIT BUILDER

DESIGNED BY YOU. DELIVERED BY RHINO

Use Rhino's latest online tools to design and order your new match kit, training gear or even club leisurewear. Choose from the greatest range of styles, sizes, custom-fits and colour options to create a truly unique look for your team, club, school, college or university. You can also apply club badges, sponsor logos or other customisation options as you build your designs in real time.

Order online or submit your designs for a competitive quote and we will take it from there. You'll benefit from some great service with Rhino Kitbuilder:

- your very own, unique kit designs
- competitive pricing
- high quality fabrics and construction
- choice of collar styles, fits and fabrics
- unlimited colour palette
- fast delivery (within 4 weeks)

FIRST CLASS PEDIGREE

Rhino are the official teamwear, apparel, ball and equipment partner of the historic Varsity Matches between Oxford and Cambridge universities at Twickenham Stadium.

The Varsity Match is one of the oldest sporting fixtures in the world, dating back to 1872. Rhino have signed a multiyear deal to not only supply on field and training wear but also create a new range of sport and lifestyle clothing for both Oxford University RFC and Cambridge University RUFC men's and women's squads.

The Varsity Match joins a star-studded stable of global rugby brands to be supplied equipment, rugby balls and teamwear by Rhino.

PERFORMANCE HEAD GUARD

Accurate foam moulding retains head guard shape and durability for longer use

Seamless injection moulding of premium foam padding ensures exceptional levels of comfort

Exceptionable breathability achieved with laser perforation around the jaw and ears which improves audible communication on the field of play

Shape and cut of head guard maximises peripheral vision and offers unrestricted views during a game or training session

Latest fabric technology wicks moisture away from skin to provide additional comfort and performance

Unique chin strap gives increased comfort

Approved by World Rugby

The Rhino performance head guard, approved by World Rugby, is a professional-grade rugby garment, designed using premium, ultra-lightweight flexible foam and constructed to ensure comfort. A unique air-circulation system delivers superb breathability and maximises audible communication while the shape of the garment offers unrestricted vision.

RHINO MOUTHGUARD

ADULTS JUNIOR

Rhino mouthwear is suitable for all contact sports where protection from any form of impact is required. Every mouth is different, which is why Rhino have collaborated with leading dental technicians, software, manufacturers and technology to reassure you of the ultimate mouthguard to fit perfectly around the upper mouth, offering maximum protection.

This item also includes mouthguard case and wristband.

- Junior - suitable for up to 10 years of age
- Adult - suitable for over 11 years of age

RHINO SELF IMPRESSION MOUTHGUARD

CUSTOM

Self Impression kits will give you a professional dental quality product, allowing you to take impressions at a time and place to suit you, and the ability to easily re-order replacements online.

Once you have received your kit and carried out the included instructions to complete your self impression just post your mould in the included prelabelled and paid clinical self sealing bag to our highly specialised lab. We then get to work producing your custom fit Rhino Mouthguard and then send it back to you within five working days of receiving your self impression at our mouthwear laboratory.

Technically advanced

1.

2.

3.

1. RUBBER AND GRIP

Rhino balls use the very best blend of Virgin Natural Rubber and Robust Synthetic Rubber that is reinforced with Silica to ensure a consistent shape throughout its extended use. Specially formulated Rhino Aerosensa grip technology is proven to retain the best hand grip and velocity acceleration.

2. LAMINATED CONSTRUCTION

The construction of Rhino balls is vital to ensure the very best shape consistency. The diagram opposite shows our 4-PLY composition, which is made of four unique Michelin fabrics, containing a special Cotton and Polyester weave. All held together with an adapted adhesive that contains PBR rubber compounds. This increases the maximum energy transfer for any ball once kicked to maintain accurate flight trajectory and speed.

3. AIR LOCK BLADDER

Made with Advanced Nitrate Rubber and including our in-seam valve technology, the Rhino Air Lock Bladder maintains the exact same pressure for longer periods. This Rhino technology boosts long-term performance ensuring Rhino balls stay inflated for weeks.

Tommaso kicks Rhino ahead

Tommaso Allan is an Italian rugby union player who plays fly-half for Benetton and Italy (first capped in 2013)

Date and Place of birth	26 April 1993, Vicenza, Italy
School	RGS High Wycombe - England
International Caps	40
International Points	217
Kicking Success	83% (2017-18)

By the time of the 2018 Six Nations, Tommy was the in-form fly half for Italy, starting all five games with Italy saving their best performance for last against Scotland. Tommy scored 22 of Italy's 27 points in this gripping 6 Nations game and was subsequently named man of the match as Italy came within two points of defeating Scotland in Rome.

"I am proud to be #leadingthepack for a powerful brand like Rhino who keep striving for innovation and quality in its full range of products."

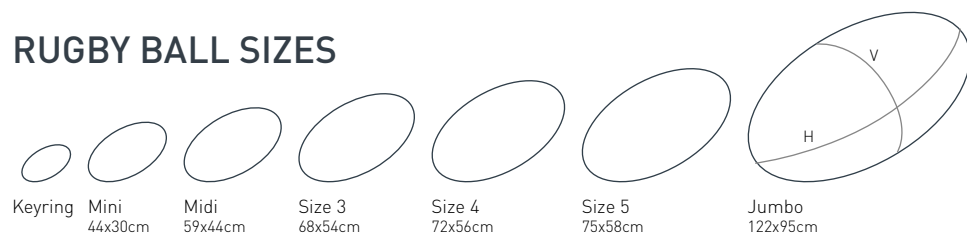

Tommaso Allan
Rhino Italia Ambassador with over 80% kicking success rate for the national team.

RHINO MATRIX XV PRO 5

- The next generation rugby ball with an upper surface which has been designed with exclusive Neotech and Aerosensa technology. Neotech changes the molecular chain structure of rubber so it is consistent for many matches. Aerosensa reacts to air flow to deliver maximum lift, drag and accurate flight
- Upper surface rubber is made with a blend of finest grade of natural and synthetic rubber
- Upper rubber is then laminated with four layers of exclusive core spun cotton polyester. This is a high performance exclusive fabric. Each fibre has core of polyester filament and coated with cotton all around
- This unique technology gives the ball perfect balance and strength
- Best aerodynamics engineered to give maximum sweet points
- Exclusive air block bladder. Three times more air retention and power than any normal bladder
- Counter balanced and pre-kicked. Pre-kicking helps ball to attain final shape before use
- Hand stitched
- Weight 450gms (+ or - 10gms)

RHINO VORTEX ELITE 5

- The Rhino Vortex Elite is the top level match ball suitable for upper tier rugby teams of most age groups. Its unsurpassed high-quality construction, comprising of all Vortex XV features with the addition of our signature Aerosensa Technology, makes it the trusted ball by professionals the world over.
- This is the official match ball of The British and Irish Lions.
- Fitted with in-seam valve with dual balance to produce a more accurate flight path
 - Aerosensa grip technology D - senses air movement helping the ball to attain more lift and drag when in flight
 - 4-ply laminated construction
 - Hand stitched
 - Weight: 455 grams (+ or - 10gms)
 - Also available in mini, midi and jumbo sizes (see page 102)

RHINO VORTEX VII 5

- The Rhino Vortex VII is the top sevens match ball suitable for upper tier rugby teams of most age groups. Its unsurpassed high-quality construction, comprising of all Vortex Elite features with the addition of our signature Aerosensa Technology, makes it the trusted ball by professionals the world over.
- Fitted with in-seam valve with dual balance to produce a more accurate flight path
 - Aerosensa grip technology D - senses air movement helping the ball to attain more lift and drag when in flight
 - 4-ply laminated construction
 - Hand stitched
 - Weight: 455 grams (+ or - 10gms)

RHINO VORTEX XV 5

- The Rhino Vortex XV is a superior level match ball suitable for middle to upper tier rugby teams of most age groups. Its high-quality construction, comprising of cotton and polyester viscose spun internal laminate layers, provides superior performance to almost all other rugby balls. This is an excellent quality match ball with outstanding flight qualities and superior handling.
- ProGrip grain pattern
 - 4-ply laminated construction
 - Fitted with in-seam valve with dual balance to produce a more accurate flight path
 - Hand stitched
 - Weight: 455 grams (+ or - 10gms)

RHINO METEOR 4 5

- The Meteor is the entry level match ball suitable for lower to middle tier rugby teams of all age groups.
- Its high quality construction makes it similar in feel and performance to upper level match balls, while it's affordable price make it great for teams with a limited budget!
- ProGrip grain pattern
 - Made with silica reinforced rubber surface
 - 4-ply laminated construction
 - In-seam valve increases pass and kick accuracy
 - Standard grip with water repellent surface for outstanding grip
 - Size 4 weight: 400gms (+ or - 10gms)
 - Size 5 weight: 450gms (+ or - 10gms)

RHINO TORNADO XV 4 5

- Upper surface made with blend of finest natural and synthetic rubber with silica reinforced technology
- Great junior or less expensive match ball option. Also performs as a superb training ball.
- Silica reinforcement enhances rubber performance on grip and durability front
- MAX pimple grip pattern
- Laminated with three layers of poly cotton with patented multiplex technology
- Best shape engineered with highest sweet points
- Hi-tech in-seam latex valve for true flight
- Counter balanced and pre-kicked
- Hand stitched
- Size 4 weight: 400gms (+ or - 10gms)
- Size 5 weight: 450gms (+ or - 10gms)

Netballs

RHINO VORTEX ELITE 5

The Rhino Vortex Elite is a great match ball for any conditions. The outer surface is constructed from a blend of finest natural and synthetic rubber with silica reinforced technology and Nano grip pattern to enhance performance and durability.

Beneath the surface, four layers of laminated poly cotton with multiplex technology ensures shape retention. An advanced Nitrile bladder incorporates a unique air lock system guaranteeing inflation every time.

100% hand stitched.

RHINO TORNADO 5

The Rhino Tornado is a great match or training netball, delivering perfectly accomplished performance at all levels of the game.

The outer surface is constructed from a blend of finest natural (50%) and synthetic rubber (50%) fibres with reinforced silica technology, enhancing grip and durability. The Dual grip pattern offers an assured level of handling performance, ensuring maximum grip in all conditions.

Beneath the surface, three layers of laminated poly cotton (one layer) and poly viscose (two layers) with multiplex technology offer a consistently performing netball. An advanced Nitrile bladder incorporates a unique air lock system guaranteeing inflation every time. 100% hand stitched.

RHINO HURRICANE 4 5

The Rhino Hurricane is a great training netball, ideal for practise sessions at all levels of the game.

The outer surface is constructed from a blend of finest natural (50%) and synthetic rubber (50%) fibres. The strong GIL grip pattern offers an assured level of handling performance, ensuring maximum grip in all conditions.

Beneath the surface, three layers of laminated poly cotton (one layer) and poly viscose (two layers) offer a consistently performing netball. An advanced Nitrile bladder incorporates a unique air lock system guaranteeing inflation every time.

100% hand stitched.

RHINO CYCLONE 4 5

The Rhino Cyclone is a great multi-purpose netball, ideal for practise sessions at schools and all weather conditions.

The outer surface is constructed from a blend of virgin grade natural (40%) and synthetic (60%) fibres with a 3D grip pattern.

Beneath the surface, two layers of laminated poly cotton and poly viscose offer a consistently performing netball. An advanced Nitrile bladder incorporates a unique air lock system guaranteeing inflation every time.

100% hand stitched.

RHINO THUNDER 4 5

The Rhino Thunder is an ideal multi-purpose netball, offering juniors, clubs and teams with an affordable option for limited budgets. This moulded, non-stitch netball features Bold grip pattern and is fitted with a nylon butyl bladder.

RICHIE GRAY

Richie Gray is Rhino's international ambassador and specialist skills coach which sees him deliver specific skills sessions to clubs and countries globally. In 2013, Gray became an assistant coach to The Springboks for The Rugby Championship and Northern Hemisphere Tour, concentrating on the attacking and defensive breakdown/collision area and worked with The South African national side through to the RWC 2015. Gray also carried out all the contact skills work for The Blitzbokke South Africa Sevens team from 2013 to 2016. Gray then joined his native Scotland and was their contact skills consultant in 2016 and 2017, involved in two Six Nations Tournaments and the November Test Series in 2016. He also worked in the NFL with The Miami Dolphins, developing high performance skills programmes relating to the whole tackle area. Gray is now the contact/skills coach at Montpellier Herault Rugby in the French Top 14. He is regarded, through his innovative work with specific technical training equipment for Rugby Union, Rugby League and Global Collision Sports as one of the foremost thinkers of coaching methods relating to the tackle, breakdown and collision area.

Breaking it down.

The Rhino Collision King is used by England and Wales as well as teams competing in the Aviva Premiership, Guinness PRO14, Top 14, Super Rugby, ITM Cup, Currie Cup and International Rugby. If you want to develop your players dynamic body height and outstanding technique at the breakdown, this is the training aid for you.

SENIOR COLLISION KING

- 2000 (l) x 900 (w) x 870mm (h)
- 1 year guarantee
- 90.0 kilos

JUNIOR COLLISION KING

- 1550 (l) x 681 (w) x 695mm (h)
- 1 year guarantee
- 45.0 kilos

ARMS OF STEEL BAG

Contains an inner core that, upon initial player contact, will force the bag from your grip. If your arms are not working you will lose control of the bag. Weighs in at 33.5kg for seniors and 15kg for juniors so is a great weight to tackle and roll.

- Senior: 750 (h) x 450mm (d)
- Junior: 600 (h) x 340mm (d)
- Senior: 33.5 kilos
- Junior: 15.0 kilos
- 1 year guarantee

GRIP & RIP BAG

Isolates body height but after initial hit it's all about getting to your feet and fighting for a strong grip – if you want to be known as a prolific Stealer this is the training aid for you.

- Senior: 750 (h) x 450mm (d)
- Junior: 600 (h) x 340mm (d)
- Senior: 13.0 kilos
- Junior: 6.0 kilos
- 1 year guarantee

LOW TACKLE BAG

This bag is all about body height, working on initial contact accuracy and dropping player height as they come into collision.

- Senior: 750 (h) x 450mm (d)
- Junior: 600 (h) x 340mm (d)
- Senior: 13.0 kilos
- Junior: 5.7 kilos
- 1 year guarantee
- Additional senior weight bar also available

COLLISION KING POWER DISC

A unique training aid which isolates individual player entry angles and feet movement into the breakdown gate, concentrating on dropping body height and dynamic leg drive.

- Size: 760 (l) x 760 (w) x 250mm (h)
- 25.0 kilos

COLLISION KING NET

Fits easily onto the front of The Collision King and develops dynamic body height into the gate and dynamic leg drive.

COLLISION KING COVER

Protect your investment from the elements with this PVC cover. Available for both senior and junior Collision Kings.

Explosive rucking.

SENIOR RUCK WARRIOR

A cutting-edge piece of training equipment that enables players to enhance their explosive rucking techniques without the injury risk from bone on bone contact training.

- 1000 (w) x 1200 (h) x 1000mm (d)
- 33.0 kilos

JUNIOR RUCK WARRIOR

Lighter, smaller Rhino Ruck Warrior, ideal for younger players.

- 350 (w) x 850 (h) x 260mm (d)
- 12.5 kilos

The Collision King Offloader can be used in isolation or as part of the full Collision King Range. This piece of equipment has been specifically designed to isolate the training of the offload. Training with this piece of equipment helps you achieve and maintain offloading accuracy, body height entry, ball control, reaction speed and balance.

SENIOR OFFLOADER SHIELD

- 330 (w) x 1000mm (h)
- 22.0 kilos
- 1 year guarantee

JUNIOR OFFLOADER SHIELD

- 250 (w) x 900mm (h)
- 6.0 kilos
- 1 year guarantee

ORDER ONLINE TODAY AT

SENIOR MULTI SKILLS BAG

The Collision King Multi-Skills Bag can be used in isolation or as part of the full Collision King Range. It has been specifically designed to isolate a number of different collision techniques all in one training aid.

- 450 (D) x 1600mm (h)
- 25.0 kilos
- 1 year guarantee (Ball not included)

JUNIOR MULTI SKILLS BAG

- 350 (D) x 1200mm (h)
- 11.3 kilos
- 1 year guarantee (Ball not included)

The Collision King Jackal Belt can be used in isolation or as part of the full Collision King range. It has been specifically designed to isolate the stealing technique and the immediate tackle follow-up technique of accurate jacking/stealing. The training aid will allow you to attach a ball to the belt and connect it to a tackle bag and set the belt at different heights.

JACKAL BELT

- 280 (h) x 145mm (c)
- 1 year guarantee (Ball not included)

“RICHIE GRAY HAS QUITE SIMPLY CHANGED, GLOBALLY, THE WAY THE PLAYER PREPARES AND TRAINS FOR THE CONTACT AND COLLISION SITUATION WITHIN THE MODERN GAME. THE COLLISION KING MULTI-SKILLS BAG IS AN OUTSTANDING PIECE OF EQUIPMENT THAT WILL IMPROVE YOUR TECHNIQUE AND ACCURACY WITHIN THE WHOLE AREA OF THE TACKLE CONTEST AND ATTACKING AND DEFENSIVE BREAKDOWN.”

BISMARCK DU PLESSIS

WEIGHT	836.0 kilos
GUARANTEE	1 year

DICTATOR

Perfect the art of scrummaging.

RHINO DICTATOR

Perfect the art of scrummaging with the Rhino Dictator, the official scrum machine of The British & Irish Lions, England Rugby and the Welsh Rugby Union. Now fitted with the hydraulic wheel system, the Rhino Dictator is a robust steel sled with four adjustable heights and vertical rounded, dual foam, detachable scrum pads. It also features a wider head and larger pads to accommodate a greater range of pack sizes and two 'geared' ground spikes for use on the move. Pads move horizontally against the variable resistance hydraulic dampeners.

OPTIONAL RHINO DICTATOR BINDING PADS

The 'Crouch, Bind, Set' scrum engagement sequence places a lot of importance on the way props bind and Rhino have a couple of options to enable players to practice this within scrum training. The Dictator scrum machine comes with steel loops on the tighthead and loosehead pads as standard that enable a range of bind grips to be practiced. There is also the option to upgrade to binding pads which consist of foam pads lined with rugby shirt material that encourage players to work to get a good bind as they would in the match. Binding pads can be installed onto new machines being purchased or existing machines can easily be upgraded by purchasing replacement pads or sending existing head pads in for exchange.

Individually adjustable
loose and tight head
rounded scrum pads

Bungee spring
loaded heads

WEIGHT	540.0 kilos
GUARANTEE	1 year

Maul attachment can be
attached to back of sled.

Circular base enables sled to move in
different directions to the rectangular
scrum sleds. Ideal for artificial
surfaces due to non-contoured base,
reducing the risk of damage.

A new concept in realistic scrum training.

RHINO PROSCRUM

Rhino has reinforced its position as No.1 for scrum machines with the launch of the Rhino Pro Scrum, an innovative training machine designed for all levels, on all surfaces.

The Rhino Pro Scrum has been invented by long-term collaborator, the former Scotland and Springboks contact and collision skills coach Richie Gray.

- Circular base that encourages straight and balanced drives
- Adjustable loosehead and tighthead pads to reflect variable prop sizes
- New loosehead-specific pad to mimic real-life scrum position
- Side binding pads with match jersey fabric
- Bungee-spring loaded heads for adjustable resistance
- Maul-attachment option
- Rounded base-plate design reduces impact on pitch and suitable for artificial and hybrid pitches

PROSCRUM

ORDER ONLINE TODAY AT
RHINO.DIRECT

The world's best selling scrum machine.

RHINO PREMIERSLED

The Rhino PremierSled is the world's best selling scrum machine, boasting four vertical pads which move independently to absorb the initial 'hit'. The 'give' is controlled by heavy-duty elastic bungees. Long life foam in each detachable scrum pad is covered with tough PVC and the solid steel frame offers tremendous strength and stability and includes a safety handrail. The PremierSled also features steel binding loops fitted as standard.

OPTIONAL RHINO PREMIERSLED BINDING PADS

The Rhino PremierSled scrum machine has been designed to enable players to authentically recreate 'Crouch, Bind, Set' scrum engagement in training. The PremierSled comes fitted with steel loops on the tighthead and loosehead pads that enable a range of bind grips to be practised. An optional upgrade to binding pads includes foam pads, lined with rugby shirt material that encourage players to work to get a good bind as they would in a match. Binding pads can be installed onto new machines or retro-fitted to older machines.

OPTIONAL RHINO PREMIERSLED ARTIFICIAL TURF SKIDS

To use the Rhino PremierSled scrum machine on artificial surfaces fit these skids to your machine, and protect the integrity of the turf.

SIZE	2300 (l) x 1210 (w) x 900mm (h)
