

Tones media

## Technical Data Sheet

**Product Name:** Cold Laminate Film

**Product Description:** Calendered PVC cold laminate media designed for the protection of PVC media.

|                        |  |   |
|------------------------|--|---|
| PVC Film               | Type   | Calendered monomeric soft PVC film                    |
|                        | Thickness  | 60-65um   |
|                        | Shrinkage  | $\leq 0.8\%$  |
| Adhesive               | Type   | Clear solvent based permanent pressure sensitive glue |
| Release Paper          | Type   | Kraft paper   |
|                        | Color  | White with green square back                          |
|                        | Weight   | $(80g+14)\pm 5g/m^2$                                  |
| Shelf Life             | 1 year (Storage temperature of 22°C, relative humidity of 50~55%, in original packaging) |   |
| Expected Durability    | 1 year Outdoors (subject to conditions including, storage, application, and weather)     |   |
| Applications           | Over laminating media for the protection of printed PVC media                            |   |
| Printing compatibility | Solvent, Eco solvent, Latex, and UV (Recommended original inks from Manufacturers)       |   |
