Shirts stay neatly tucked in pants, giving the look of a custom-fit.

# The HOLD UP® Story

For years, suspender wearers have had to contend with clip-on suspenders that kept slipping off their pants. Many wearers attempted to bend the metal clips to improve the gripping power, but this “quick fix” seldom worked.

Driven by the frustration of inefficient clips that constantly let go, Sal Herman (now known as “The Suspender King”.) applied a little American ingenuity to create a solution..... the U.S.A. patented “No-Slip® Suspender Clip”. The clip features a single, needle-sharp pin in the center of the clasp, which pierces and locks into the waistband, without cutting or damaging the fabric and it will never, ever slip off your pants.

This latest catalog contains a variety of new additions in the “No-Buzz™” Airport Friendly Suspenders. See page 22. We are also introducing the Under-Ups™ in black webbing. See page 11.

Don't forget to check out all of your favorite styles as we have brought out new colors in some of them as well.

**Per our customers request, we added the part numbers to access our products.**

You may place your order by phone, mail, via the internet, or by visiting any of the 600 plus retailers who carry Hold-Ups®. View a list, including phone, address and map location, by visiting our website at [www.holdup-suspenders.com](http://www.holdup-suspenders.com).

We always welcome your comments or suggestions.

# DO YOUR SUSPENDERS KEEP WITH OUR PATENTED NO-SLIP

## Metal No-Slip® Clip

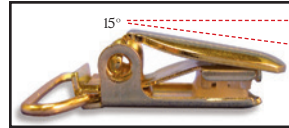

HoldUp® Suspenders feature our exclusive, U.S.A. patented,  
**'NO-SLIP® SUSPENDER CLIP'**.

They will never slip, slide or fly off, no matter how much you bend or twist!  
**The secret of the clip is the center pin**, which pierces the fabric like a needle,  
locking into the waistband without cutting or damaging the fabric!

**Standard Design**

**New Improved  
Slant-Face Design**

The innovative new slant-face design of our U.S.A. patented clip minimizes  
the "flip open" problem that occasionally occurs when sliding  
against the back of a seat.

**The U.S.A. Patented Clips Come With Our Unique 'No-Slip®' Guarantee**

# SLIPPING OFF YOUR PANTS???

## CLIPS, YOUR PROBLEMS ARE OVER!

### Composite Plastic Gripper Clasp

Many of our new designs feature our newly U.S.A. patented composite gripper clasp...the harder you pull, the tighter it grips. They are available in black, beige blue or red.

The versatility of the plastic clasp makes it suitable for use on a variety of products, from nylon snow pants to delicate bed sheets, as well as an airport friendly metal-free suspender.

To purchase individual clips, see page 16.

### Suspender Fact #1

# Double-Ups<sup>®</sup> – the

## “DOUBLE-UPS”<sup>®</sup>

Featuring the aesthetic look of button-on braces with the convenience and ease of clips – the design is so unique that it’s also U.S.A. patented!

Only \$47.95 to \$84.95 Each  
(see pages 14 - 15)

## “DOUBLE-UPS”<sup>®</sup>

*a distinctive,  
functional & stylish  
new suspender for the  
discriminating  
wearer!*

**DOUBLE-UPS<sup>®</sup> – THE ULTIMATE SUSPENDER –  
BEYOND BEAUTIFUL!**

***You’ll never want to take them off!***

# Ultimate Suspender!

The proverbial “waistband rollover” is caused by button-on braces, which pull at the middle of the waistband as shown.

Elegant new “Double-Ups”™ support the pant from the top, eliminating this unsightly problem.

## “DOUBLE-UPS”®

are available  
in Y-back style only  
as shown on right,  
with 2 clips  
in the back.

And remember –  
Free Shipping on  
all orders over \$75.00

### Suspender Fact #4

*The typical suspender wearer has hips smaller than his waist. Without suspenders, he will constantly be pulling up his pants, no matter how tightly he fastens his belt!*

# The Double-Up

(Patent Pending)

**Short Quad Style**  
(mattress shown upside-down)

**Short Quad Style**

**Long Dual Style**

**Long Dual Style**  
(mattress shown upside-down)

We created the answer to keeping bedsheets taut and in place with our new patent pending Sheet Stay-Downs™. Unlike other sheet suspenders, ours feature the U.S.A. patented no-slip® gripper clasps™ as well as our unique U.S.A. patented Hook & Loop type tension adjusting system. No matter how you toss or turn, Sheet Stay-Downs™ will keep your fitted sheets in place. They are offered in either a short “quad” style or in a long “dual” style.

The shorter “quad” style fits diagonally across each corner under the mattress to secure the sheet. The longer “dual” style secures the sheets by crisscrossing underneath the mattress. The tension is adjusted *after* the clasps are fastened so that one person can easily attach either style without lifting the mattress (instructions included).

1 1/4” Elastic, Short Quad Style...9002SS... only \$28.95  
1 1/4” Elastic, Long Dual Style.....9001SL... only \$28.95

# THE HIP-CLIP®

The Hip-Clip® suspender, also known as the “trucker” suspender, is preferred by truckers because the clips are located on the side, completely eliminating the possibility of the clips flipping open when sliding into a seat. Also prevents the clips from digging into the belly. Elastic straps crisscross the back, so it feels like wearing a shoulder holster more than a suspender.

Resembles a shoulder holster and is worn like a vest

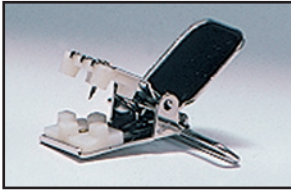

Elastic straps crisscross the back.

Side clips will not dig into belly

### Suspender Fact #5

*It is best to attach the clips to your pants BEFORE putting them on, so you can properly adjust their position on the waistband.*

# SPECIALTY SERIES

**Hold-Up's  
newest  
Innovation!**

## Shirt Stay Downs™

**Twist, turn, anyway you want and never dislodge your shirt!**

*Inspired by the 'spit and polish' look of military dress, Hold-Up Suspenders Company proudly introduces...*

### SHIRT STAY-DOWNS™

The main problem with all other shirt stays is that the clips slip off too easily from either the shirt or the socks. This problem has been eliminated with Hold-Ups™ U.S.A. patented metal or plastic clip. The metal clip features the locking center pin and the plastic clip is cam-activated, which means the harder you pull, the tighter it grips.

The super soft black elastic and the exclusive Hook & Loop length adjusting system makes Shirt Stay-Downs™ both comfortable and easy to wear. Imagine dancing the wildest boogie without the fear of your shirt tails untucking! Eliminates that 'spare tire' look around the middle when the shirt pulls out of the pants. Available in either "Y" style or stirrup style.

Eliminates that 'spare tire' look around the middle.

Shirts stay neatly tucked in pants, giving the look of a custom-fit.

**Only \$28.95/pair**

***Perfect for all occasions when you need to be well-groomed and neat!***

Metal or Plastic Clip

Y-style attaches to shirt and sock.

9101BM  
9100PL

Stirrup style attaches to shirt and loops around foot.

9102BM  
9103BP

The U.S.A. Patented Hook & Loop length adjusting system easily adjusts the tension *after* attaching the clips.

Both styles easily attach to shirt-tail and socks, or loop around foot to keep the shirt tucked in.

2108XP

**Only \$35.95 each**

**Please use the part numbers to access our products.**

## Tidbits & Tips for Wearing Suspending

- ☞ The physique of a typical suspender wearer (male or female) is wider shoulders with narrower hips and no behind, so belts are useless in holding up pants. Suspending provide a classic, comfortable and stylish way to hold pants in place.
- ☞ Never wear a belt and suspending at the same time.
- ☞ Choose a variety of suspender colors that match your different shirts and suits. Also include basic colors, i.e. black, gray or blue that go with everything. For stronger accents, choose burgundy, a pattern or a jacquard. Choose the clip finish to match your jewelry (silver or gold).
- ☞ Attach your suspending before putting on your pants so you can better adjust the location of the straps. The proper way to wear the straps is to make sure they are parallel from waistband to shoulder.
- ☞ Provide suitable storage for your suspending so that they are easy to see, easy to hang, and easy to remove. (see the Hang-Up™ on page 17)

# We Get Letters!

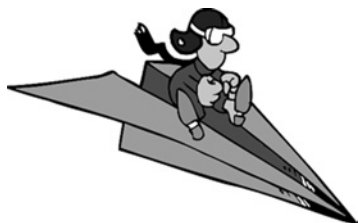

---

"They are "First Class" all the way - A  
#11 out of a possible 10."

James A. Holdin; Chehalis, WA

*"The concept that they would not only not slip  
from pants...so far they have been a pleasant  
surprise...they fit a larger man so well."*

Gerald R. Hand; Utica, MI

"Your design clearly shows how and  
why they work. I'm very happy with  
the pair I have and wouldn't trade  
them for a bushel basket of the other  
styles"

William Menold; Dunlap, IL

*"I am very pleased with the 2 pair of  
suspenders I have purchased. The no-slip  
is great! The suspenders stay on my suit as  
well as heavy work pants. I would strongly  
recommend the purchase of these suspenders.  
Keep up the good work!"*

Dave Hammaker; Martinsburg, PA

"Long time coming! It's time we have a dependable  
suspenders!!! Definitely...are reasonably priced for  
what they do for you. Keep up the great work."

Okey Mullins; Madison Hgts, MI

"Superior design and quality all around. I have  
owned many suspenders and experimented with  
them. Hold-Ups are a dream come true!"

Barry L. Stackhouse,  
Elizabethtown, PA

"They do what you want them to do.  
They work for you."

Forrest Ringhauser,  
Jerseyville, IL
