

VITAMIN C CREAM

BEAUTY GUIDE

Page 1 – Proper Use of Your Vitamin C Moisturizer

PLEASE NOTE: This bottle comes with an “airless pump, no straw” mechanism designed to keep the product from being exposed to the air, allowing every last bit to be dispensed. If you have trouble dispensing, do not open the bottle. Instead, tap the bottom against your hand a few times or insert a paperclip into the hole at the bottom, giving it a “push.”

Step 1: Only apply skin-care regimens to clean skin. Irritation may occur if any skin-care product is applied to dirty or unwashed skin.

Step 2: A little goes a long way. Typically, a pea-sized amount is going to be enough to cover your facial area, though more may be needed if you are using it on your arms and/or neck. **(Continued on Next Page)**

Look and Feel:
Whitish/Yellow
Cream

Size: 2 ounces

Protection: Tamper
Evident Package

Guarantee: [Contact Us](#)
IMMEDIATELY if
Anything is Wrong.
We WILL Take Care
of You. It is our
Promise!

IMPORTANT:

If your moisturizer does not dispense from the pump immediately, DO NOT OPEN IT. See the first paragraph in this user guide (on your left).

Step 3: To apply, gently pat or rub onto your skin using upward motions. While our moisturizers may be used around the eyes, do not allow them to get into your eyes.

Step 4: Allow your moisturizer to absorb, which will take 3-5 minutes. If your skin starts drying due to Retinol, use less often until skin acclimates.

Finally: While you may see results sooner, new regimens take at least 30-60 days to see full results (this is science, not marketing). Please be patient and allow your moisturizer a natural timeframe to work with your skin.

Please [Contact Us](#) if anything is wrong with your product.

We will replace or refund your purchase immediately.
