

# VITAMIN C SERUM BEAUTY GUIDE

Page 1 – Proper Use of Your 72% Organic Vitamin C Serum  
Contains 20% Vitamin C, the maximum recommended within a serum.

**Step 1:** Only apply skin-care regimens to clean skin, as irritation may occur if any skin-care product is applied to skin which is dirty or has not been washed clean of oils recently.

**Step 2:** Typically, a very small amount is going to be enough to cover your facial area, though more may be needed if you are using it on your arms and/or neck. More is not necessarily better.

**Step 3:** To apply, gently pat or rub onto your skin using upward motions. While our serum may be used around the eyes, do not allow it to get into your eyes. (Continued on Next Page)

## IMPORTANT:

Higher concentrations of  
Vitamin C in serums are  
very thin due to the fact  
Vitamin C itself is like  
water in distilled, serum  
form. If your product is in  
any way thick, please  
contact us immediately.

**Step 4:** Allow your serum to absorb and dry, which will take 3-5 minutes.

**Tips and Tricks:** Vitamin C can oxidize when exposed to the air for long periods of time, so be sure to close your serum as soon as possible after using it. When using a [Retinol-based serum](#) in conjunction with this serum, you may use the [Retinol Serum](#) at night and this serum in the morning.

**Finally:** While you may see results sooner, new regimens take at least 30-60 days to see full results (this is science, not marketing). Please be patient and allow your serum a natural timeframe to work with your skin.
