## LightwaveRF Plc (AIM: LWRF)

### Lagan Homes makes a smart move to LightwaveRF

LightwaveRF plc ("LightwaveRF" or the "Company"), the creator of the LightwaveRF Smart Home Platform and products for the Internet of Things enabling households and businesses to remotely operate and control household applications including lighting, power, heating and security using smartphones, tablets, PC and MAC applications, announces that Lagan Homes, a large new home builder, has adopted LightwaveRF.

The major UK house builder has joined forces with LightwaveRF to offer smart home technology off-plan at a flagship development in Oxfordshire. Lagan will be the First UK mainstream home builder to offer an integrated, single provider smart home package.

John Shermer, founder of LightwaveRF, said: "We are delighted that Lagan Homes have chosen our products and excited by the future opportunities this could bring. "

Commenting John Lagan MD of Lagan Homes said "LightwaveRF is the only provider who we have found who can supply the whole package on a single platform. This has allowed us to offer the home buyer a number of packages to suit their home. This offers flexibility we couldn't find elsewhere at these prices"
