

18 September 2018

LightwaveRF plc (AIM: LWRF)

Lightwave rated the best UK HomeKit solution

LightwaveRF plc ("LightwaveRF", "Lightwave" or "the Company"), the leading smart home solutions provider, is pleased to announce that, in addition to existing consumer outlets online and instore through Apple, John Lewis and amazon.co.uk, new distribution channels are now in place with BT Shop, littlewoods.com and Very.co.uk (Shop Direct).

A number of recent articles in a range of publications have given strong endorsements of Lightwave. [9to5Mac](#) described Lightwave as "the best UK HomeKit solution for smart lighting", and [The Ambient](#) featured the Lightwave Smart Dimmer in "the best smart light switches and dimmers for your home". An article in [Irish Tech News](#) focused on Lightwave heating and Pocket-lint.com included Lightwave in its list of the 'best smart lighting'.

Current consumer reviews of Lightwave's products and services are strongly positive and the overall Trustpilot score is now 4 stars.

Lightwave is also pleased to announce as part of FTSE quarterly ICB classification changes, that, with effect from 24 September 2018, it will be reclassified into the Technology sector (from the Consumer Goods sector). The Board believes that this more accurately reflects the nature of Lightwave's activities.

About LightwaveRF

LightwaveRF plc ("LightwaveRF", "Lightwave" or "the Company"), is the UK's only fully integrated home automation company.

New customers typically buy a starter pack of Link Plus hub and smart dimmer which has Apple HomeKit compatibility, 2-way communication and built-in energy monitoring. Later adding other easy to install devices from the Lightwave range enables further in home control, monitoring and automation of lighting, heating and power.

Devices may be operated manually, by smartphone or tablet-based apps and also through Google Assistant and Amazon Alexa voice control.
