LightwaveRF plc (AIM: LWRF)

Lightwave rated the best option by Trusted Reviews

LightwaveRF plc ("LightwaveRF", "Lightwave" or "the Company"), the leading smart home solutions provider, is pleased to announce that the Tech Industry ratings publication Trusted Reviews has described Lightwave as a stand out system.

In a recently published online article, following a review of all the major smart lighting systems and options, Trusted Reviews, who state that they exist to give readers thorough, unbiased and independent advice on what to buy, described Lightwave as "stand out". Selected as the best option for smart switches, the article states: "...to make existing bulbs smart with attractive dimmers, then the [Lightwave Generation 2](#) system is rated the best option". Trusted Reviews concludes that for "a classy-looking system that gives you physical, as well as smart control, Lightwave Generation 2 is the product for you. And the system can be expanded, with smart power sockets, too."

This is the second time Lightwave has featured in a Trusted Reviews round-up this month. In a selection of the six best smart plugs, two of those featured were Lightwave products. Along with recent editorial coverage in Tech Digest, Tech on the Go and the Smart Home section of Essential Install, these endorsements demonstrate the growing reach of the Lightwave brand and product offering.

About LightwaveRF

LightwaveRF plc ("LightwaveRF", "Lightwave" or "the Company"), is the UK's only fully integrated home automation company.

New customers typically buy a starter pack of Link Plus hub and smart dimmer which has Apple HomeKit compatibility, 2-way communication and built-in energy monitoring. Later adding other easy to install devices from the Lightwave range enables further in-home control, monitoring and automation of lighting, heating and power.

Devices may be operated manually, by smartphone or tablet-based apps and also through Google Assistant and Amazon Alexa voice control.

Leading tech industry publication 9to5 Mac describes Lightwave as "the best UK HomeKit solution for smart lighting".
