### **Distribution agreement with Dixons Carphone**

LightwaveRF plc ("LightwaveRF", "Lightwave" or the "Company"), the leading smart home solutions provider, is pleased to announce a distribution agreement with Dixons Carphone to sell Lightwave products online through its electrical retailer, Currys.

Currys online, which targets customers both in the UK and internationally, is now selling Lightwave's Smart Socket, Smart Dimmer and Lighting Starter Kit from the Smart Series product range.

Additionally, Lightwave has been participating in a number of electronics trade shows. It most recently exhibited at the ElexShow on 1 and 2 November 2018 and it will also be showing at Lux Live, Europe's largest annual lighting exhibition which is taking place at London's ExCel until today. Furthermore, Lightwave will also be exhibiting at Live North on 22 November 2018 at Aintree Racecourse, Liverpool.

#### **Jason Elliott, Chief Executive, commented:**

"We are delighted to have signed an agreement with another high-profile retailer, adding to our existing partnerships with Apple and John Lewis. Thanks to our marketing and sales initiatives, we continue to make good progress in increasing our brand visibility and product availability. Having a presence at this series of large electrical exhibitions will help to build further awareness, as we demonstrate the effectiveness of our products to a large audience of consumers and retailers."

#### **About LightwaveRF**

LightwaveRF plc is the UK's only fully integrated home automation company.

New customers typically buy a starter pack of Link Plus hub and smart dimmer which has Apple HomeKit compatibility, 2-way communication and built-in energy monitoring. Later adding other easy to install devices from the Lightwave range enables further in-home control, monitoring and automation of lighting, heating and power.

Devices may be operated manually, by smartphone or tablet-based apps and also through Google Assistant and Amazon Alexa voice control.

**Leading tech industry publication 9to5 Mac describes Lightwave as “the best UK HomeKit solution for smart lighting”.**
