

NEW!
UPGRADED FOR 2024

Welcome to the **PRO LEVEL** of Rapid Asphalt Drying!

Meets ASTM D7227 &
AASHTO R79

Patents #8225526, 8408013,
9702626

Vacuum Pump Port allows
you to use the built-in pump
for other lab applications!

COREDRIYPRO™

Evolution in Innovation.

Proven Performance Since 2004

The original CoreDry™ set the industry standard for quick and effective asphalt core drying with dry times under 15 minutes. The fully automatic and portable system has proven to be the fastest and most reliable in the industry. Now, meet the upgraded CoreDryPRO™, *taking innovation to a whole new level.*

WHAT'S NEW

- **Advanced Electronics:** Our latest model features cutting-edge electronics for enhanced performance.
- **Built-in Vacuum Pump:** The external port, allows you to use it for various lab applications, such as performing a rice test. Software prompts are included to guide the operator through the proper steps for each test.
- **Drying Progress Bar:** Indicates the drying progress of the sample along with vacuum.
- **Large Touchscreen Display:** Interacting with CoreDryPRO is now even more intuitive, thanks to a new large LCD Touchscreen Display.
- **Bluetooth:** Enables CoreDryPRO to be operated from a computer or Bluetooth-capable device to monitor progress of drying and operation.
- **Modern, Sleek Design:** Experience the CoreDryPRO with a newly designed cabinet that combines style with functionality.
