For Kids Ages 4-6

Explore Bible People actively engages children ages four through six to learn how ordinary people can do extraordinary things when empowered by God. Explore Bible Stories directs children's energy and curiosity to that teachable moment when their minds and hearts agree, "We love and want to follow God!" Each book provides 52 lessons that teach young children in the ways they learn best, using their five senses to explore and discover.

Each lesson guides teachers through four simple steps to lead a full hour session.

- ☆ Step 1, "What is this story about?" provides foundational activities on which to build the lesson's theme.
- ☆ Step 2, "What does the Bible say?" studies a person who was empowered by God to think and act in extraordinary ways.
- ☆ Step 3, "What does this mean to me?" helps children make a direct connection between their own responses to God's will and the Bible person's response.
- ☆ Step 4, "What can I do to please God?" provides an opportunity for each child to respond to the lesson.

Each unit includes a song written especially for that unit's theme and goals, so that each Bible message reaches children's hearts.

For Kids Ages 8-12

In *Grow Through the Bible*, students will learn what makes the Bible different from any other book—that it tells all people everywhere how to have fellowship with God here on Earth and live with Him forever in Heaven.

The lessons are clear and exciting, using a four-point active learning format.

☆ In “Experience It,” students can join in a game, dialogue, or activity as they arrive for class.

☆ “Study It” provides the background and fascinating facts about the lesson’s subject.

☆ During “Express It,” the Bible teaching is presented in a creative way that brings the stories to life.

☆ Then, in “Live It” kids get the opportunity to personally respond to the lesson and decide how to live out what they learned.

In *Grow Up in Christ* kids will be called to depend on God and will see Him at work in their lives as they are taken out of the ordinary to put their faith into action. Students will reach important benchmarks of spiritual growth as they learn that:

- ☆ Action grows faith,
- ☆ Accountability grows faith, and
- ☆ God’s Word grows faith.

A specific area of growth such as attitude, goodness, or testimony is the focus of each unit, and each lesson is laid out in five stages:

- ☆ Growing Up in the Word
- ☆ Why Grow Up?
- ☆ How to Grow Up
- ☆ Ready to Grow Up
- ☆ Growing Up Every Day

You can use these books to teach children that growing up spiritually is indeed more exciting than growing up physically.

LESSON 29 The Kingdom Is With God

Memory Verse: "From that time on, Jesus began to preach, 'Repent, for the kingdom of heaven is near.'" - Matthew 2:12

Today we discovered that Jesus has promised to prepare a place for us in God's eternal kingdom, the kingdom that Jesus will take us better to the world from hereafter, and we'll be there next week to share what you've discovered.

FILL-IT-IN

Jesus has promised to prepare a wonderful new place for us in God's eternal kingdom. Use a pencil to fill in the spaces as you discover what the kingdom gives us. You'll use each word in the verse one time.

THE ONE-STEP WAY

Finding your way to different places can be confusing! Draw a map in the scroll to show how to get from your house to your school.

It probably is a bit complicated! Now read John 14:5, 6 to discover how simple it is to find your way to God's kingdom! Finally, write John 14:6 below to tell in one step how we can find God's kingdom!

Listening to God Daily

Each day when you read your Bible, write down the passage that you read. Then write down the truth you learned from God and the way you plan to listen to God and follow that truth during the week. Try to write down specific plans for at least one action each week.
