WOLF-14

NIGHT VISION MONOCULAR

The Wolf-14 is a high-tech, durable and versatile Night Vision monocular that delivers great performance at a reasonable price. Packed with high-tech features, the Wolf-14 is equally suited for security professionals as it is for hunting and recreation.

The Wolf-14 can be hand-held or mounted on a headgear. The Wolf-14 can be used as a goggle system, or stowed out of the line of sight without the need to completely remove it. This device operates with a single operating knob. When used in conjunction with a head or helmet mount, it also includes features such as the flip-up turn off function. With a variety of compatible lenses, long-range nighttime viewing is available in seconds. The Wolf-14 features bright light shut-off circuitry and a built-in IR illuminator. The Wolf-14 can be equipped with high-performance Gen 2 image intensifier tubes in green or white phosphor.

- Compact, rugged design
- Head mountable for hands-free usage
- Bright light cut-off
- Ergonomic, simple, easy to operate controls
- Utilizes single CR123A Lithium or AA battery
- Built-in Infrared illuminator
