

# WOLF-7 PRO

## NIGHT VISION GOGGLES

The AGM Wolf-7 PRO is a bi-ocular Night Vision goggle system built around high-grade image intensifier tubes. They are an exceptional choice for hands-free use. Built with high-grade optics and simple, reliable electronics, the Wolf-7 PRO provides bright and clear night vision images, even in the most trying conditions. This unit includes a built-in IR light source for reading maps or basic, short-range illumination in complete darkness.

The AGM Wolf-7 PRO is available with a variety of accessories such as 8X magnification lenses for long-range viewing, head or helmet mounts for hands-free operation, and additional, high-powered IR illuminators for long-range use.

Waterproof, rugged, light, and compact, the Wolf-7 PRO is the perfect hands-free unit for a variety of tough operations.

- Compact, rugged design
- Waterproof
- Head or helmet-mountable for hands-free operation
- Ergonomic, simple, easy-to-operate controls
- Highlight overload protection
- Built-in Infrared illuminator
- External power supply capability
- Limited 3-year warranty

Equipment described herein is subject to US export regulations and may require a license prior to export. Diversion contrary to US law is prohibited.

## SPECIFICATIONS
