## What notes can you play on the *BFB Natural Trumpet*™?

Watch video introduction at: [www.bfbnaturaltrumpet.com](http://www.bfbnaturaltrumpet.com)

## About the *BFB Natural Trumpet*<sup>™</sup>

- The *BfB Natural Trumpet*<sup>™</sup> and *Mutec*<sup>™</sup> mouthpieces are made with FDA compliant ABS & Polycarbonate in the USA, meeting NSRL levels of CA Prop 65.
- The *BFB Natural Trumpet*<sup>™</sup> is light and easy to hold, even for students with Special Educational Needs and Disabilities (SEND)
- Lack of moving parts and rugged construction requires minimal upkeep — facilitating sanitization and providing for many years of use
- Pitched in C (A=440), the *BFB Natural Trumpet*<sup>™</sup> is suitable to play with other general music classroom instruments such as Orff instruments, recorders, and modern band instruments
- With design input from music acousticians, the *BFB Natural Trumpet*<sup>™</sup> plays with a rich and authentic sound
- Designed for use with the *Brass for Beginners*<sup>®</sup> curriculum, “Around the World in Twenty-One Trumpets,” the *BFB Natural Trumpet*<sup>™</sup> is effective as a supplementary teaching tool for brass players at all stages of development

## WARRANTY INFORMATION

*Brass for Beginners* LLC offers a two-year limited warranty against defects in materials or workmanship for the *BFB Natural Trumpet*<sup>™</sup>. This warranty coverage is provided solely for original owners of products purchased at licensed *Brass for Beginners*<sup>®</sup> distributors. Products purchased from resellers (via the Internet or otherwise) are not covered under this warranty.
