

## Algae Deep Cleanse

A daily deep pore cleanser formulated to perfection using seaweeds, botanicals, and essential oils. This rich green paste leaves the skin feeling clean and refreshed. Our customers love the active tingle sensation and herbal minty scent.

## Soothing Cream

A rich, velvety face cream that moisturizes and calms. Best for dry and sensitive skin types. Ideal as a finishing product at the end of a facial treatment. This cooling cream smells heavenly and works to hydrate and fighting the discomfort of inflammation.

## Restorative Infusion

A blend of aromatic essential and nutritive botanical oils selected for their ability to restore youth and vitality to the skin. Ideal for aging, mature, and dry skin. Best used during the treatment phase of facial protocol to retain moisture and soften the appearance of fine lines and wrinkles.

## Chamomile Lavender Massage Oil

A nut-free, lightly scented blend of hydrating and nutritive botanical carrier oils and relaxing essential oils. Best used in massage, as a body oil to finish a hydrotherapy treatment, and pre-treating skin prior to waxing services. This formula is suitable for all skin.

## Serene Bath & Body Oil

An aromatic oil blended with botanical and essential oils formulated for a sedative, relaxing feeling, and a subtle detox. Best used for local application, packs and poultices, full body wraps, hydrotherapy, and a relaxing pre-anointment for body or facial treatments. At-home comfort product to those with fatigue and insomnia.

## Euphoria Elixir

A blend of botanical & aromatic essential oils formulated to ease the emotional aspects of stress-related responses in the body including nervousness, grief, trauma, depression, tension, and anxiety. Use as a pre-treatment anointment for clients who are nervous or need to be recentered - especially first-time or over-worked clients.

## Acne Blemish Infusion

Formulated with nutritive botanical and aromatic essential oils, this powerful blend was made for acne, breakout-prone, congested skin. Use as a spot treatment of blemishes after extractions for both face and body services. This oil provides gentle, germicidal, healing, and balancing properties for clearer-looking skin.

## Cleaner Hands Spray

This soothing hand sanitizer is made from 68.5% Isopropyl Alcohol, Aloe Vera Extract, Glycerin, and essential oils to help cleanse hands while keeping them hydrated. May be used before and after pedicure treatments and all other professional services as needed. Can also be used as a multi-surfaces cleaner and air sanitation. Excellent for at-home use.

## Lavender Cleanser

This gentle, creamy cleanser assists in the removal of dirt, pollutants, and make-up from the skin without upsetting the skin's delicate pH balance. Ideal as a first cleanse in facial protocols. This non-foaming cleanser is formulated for dry, sensitive skin but can be used on all skin types.

## Silt Scrub

A gentle exfoliating mud containing Colloidal Freshwater Silt rich in naturally occurring Humic Acid (similar to AHA's). For all skin types, best used during the exfoliation step in facial protocols. This scrub acts as a powerful antioxidant while providing the benefit of a manual and gentle chemical exfoliation.

## Rose Toning Essence

An aromatic bi-phase toning and nourishing facial mist to restore the skin's pH balance after cleansing and preps the skin. Best used as a facial toner in professional services and/or as a finishing touch. This toner is designed to care for dry, mature, and aging skin types. No stinging sensation and is infused with skin-loving, plant-based ingredients.

## Analgesic Bath & Body Oil

An aromatic blend of botanical & essential oils specifically formulated to improve circulation and soothe the feel of inflamed muscles and joints. Best used for local application, packs and poultices, full body wraps, hydrotherapy. Great for clients that suffer from arthritis, sports injuries, headaches, and migraines.
