

Algae Deep Cleanse

A daily deep pore seaweed cleanser that takes facial treatments to the next level. Ideal for use as a second cleanse or mini-mask treatment. Best for all skin types. This green, herbal minty formula leaves a stimulating tingle sensation that brings essential nutritional components to help the skin restore and balance itself.

Lavender Cleanser

This gentle, creamy cleanser assists in the removal of dirt, pollutants, and make-up from the skin without upsetting the skin's delicate pH balance. Ideal as a first cleanse in facial protocols. This non-foaming cleanser is formulated for dry, sensitive skin but can be used on all skin types.

Silt Scrub

A gentle exfoliating mud containing Colloidal Freshwater Silt rich in naturally occurring Humic Acid (similar to AHA's). For all skin types, best used during the exfoliation step in facial protocols. This scrub acts as a powerful antioxidant while providing the benefit of a manual and gentle chemical exfoliation.

Soothing Cream

A rich, velvety face cream that moisturizes and calms. Best for dry and sensitive skin types. Ideal as a finishing product at the end of a facial treatment. This cooling cream smells heavenly and works to hydrate and fighting the discomfort of inflammation.

Clear Skin Cream

This lightweight moisturizer hydrates oily, combination, and acne-prone skin without any concern of clogging pores or adding extra shine. Use as a finishing product at the end of facial service. This cream leaves a matte finish and helps to refine pores and control the appearance of oily skin.

Algae Serums

Luxurious flower & algae formulations to deeply nourish, improve elasticity of connective tissue and aid in retaining moisture to the skin. For professional services, apply during treatment phase or before and/or after masks as a hydrating intensive. Three in total and designed for specific skin types: Jasmine, Neroli & Rose.

Pure Toning Essence

A concentrated, water-soluble bi-phase toner for congested, acne-prone & oily skin. Best used in the extraction process as a desincrustant under steam. Also used to prepare fresh smelling hot towels with an antiseptic quality. This toner leaves the skin looking clean and balanced.

Micellar Cleansing Water

A light, no-rise cleanser blended with herbal extracts & botanical emulsifiers that gently dissolves dirt and remove facial and eye make-up. For professional services, use during the cleansing phase to remove make-up, especially eye make-up. This no-rise cleanser is for all skin types and great to use on men.

Age Defy Day and Night

This luxurious, serum-like cream is enriched with more than 20 active botanicals to visibly plump, soften and restore the skin. Best used as a finishing moisturizing product at the end of a facial for dry, mature skin types. Its lightweight texture also makes it easy to layer with other creams and serums.

Restorative Infusion

A blend of aromatic essential and nutritive botanical oils selected for their ability to restore youth and vitality to the skin. Ideal for aging, mature, and dry skin. Best used during the treatment phase of facial protocol as a serum or intensive to retain moisturize and soften the appearance of fine lines and wrinkles.

Acne Blemish Infusion

Formulated with nutritive botanical and aromatic essential oils, this powerful blend was made for acne, breakout-prone, congested skin. Use as a spot treatment of blemishes after extractions for both face and body services. This oil provides gentle, germicidal, healing, and balancing properties for clearer-looking skin.

SV23

A luxurious phyto (botanical) serum blended with 23 powerful, plant-based ingredients that improve the look of aging skin. For professional services, use as an intensive/serum in the treatment phase of facial protocols for aging, mature skin types. This oil is next level care to calm, soothe, and correct, leaving the skin youthful and radiant.
