## **BACK ASSEMBLY**

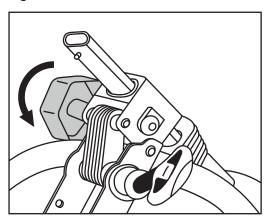

**STEP 4**Identify the stem on the seat back.

**STEP 5**Push stem through the hole to the desired height.

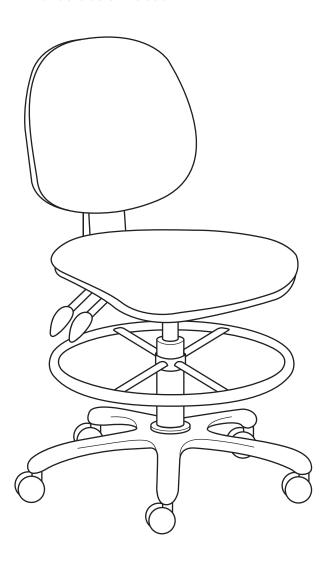

**STEP 6** Tighten with knob.

Back assembly complete!

Insert the top of the base into underside of the seat.

### 2-lever and 3-lever mechanisms

The 2 levers on the right adjust the chair positioning as follows:

- Front lever adjusts the height
- Back lever adjusts the back angle

### 3-lever mechanism only

The single lever on the left adjusts the angle of the seat.
