Safety hook *

Large furniture provides ample storage space while making your home look great. If you have kids at home, you should firmly secure your large and heavy furniture to prevent it from toppling.

First set the location for install

Select the location where the wall is installed and punch $\varnothing 8$ mm

Install the screw expansion tube into the hole

Mounting screws

Choose a location that is fixed in the furniture

Adjust the distance of the connecting belt and complete the installation

Components included

JasonL strongly recommends that the safety hook will be utilized in all circumstances to prevent falls when the bookcase is installed on uneven ground, is unevenly packed or is interfered with by pets, children, or as a result of any other household or commercial activity. We disclaim all liability for any loss occasioned in the event that the safety hook is not used or has been improperly installed
