OTIS™

DEFENSE

A TRADITION OF PERFORMANCE.

For over thirty years, Otis Technology has been the trusted source for weapons maintenance products. We are proud to support our men and women on the front lines and provide them with premier, quality products to keep their weapons functioning properly. We are honored that Otis weapons maintenance products are called out in the M4 Technical Manual on the Authorized Approved List.

Proudly made in the USA by hardworking men and women in Northern NY, Otis products are compliant with the Berry Amendment, Buy America Act and Trade Agreement Act. Otis is also a small business.

We salute the brave members of our Military & Law Enforcement community on the front lines of freedom every day. Please contact our Military Sales Team for quotes.

RIPCORD®

ONE AND DONE.

Unrivaled one-pass cleaning. For times in the field when you just can't reach your Otis cleaning kit and need a quick and effective clean, reach for the Ripcord®. This convenient tool cleans from Breech-to-Muzzle® in one quick and easy pass. The molded rubberized core and Nomex® fibers together create a more effective way to trap and remove fouling.

- 10 inches of aggressive cleaning surface*
- Heat resistance up to 700 degrees F
- Helix shape engages rifling through the barrel
- Nomex® fibers act as both a brush to loosen and a patch to capture fouling particles
- Equipped with 8-32 threaded ends to fit all Otis cleaning components
- Light weight and portable

NONSTANDARD/ SOVIET BLOCK

CLEANING KITS

When conditions are subpar, deposits and fouling can build-up in your rifle in a hurry. Keep your rifle clean and clear with this compact and lightweight cleaning system. Even hard to reach areas, like the chamber, are quick and easy to clean with the flex adapter. Simply attach one end to the female rod and the other to the chamber brush so it can flex into the chamber for cleaning. Be sure to use the obstruction remover and t-handle for a better grip. Available in four variations: 5.45 x 39mm, 7.62 x 39mm, 5.56 x 45mm, and 7.62 x 51mm.

- 30" Memory-Flex® cable for effective and correct Breech-to-Muzzle® cleaning
- Bronze bore brush, specific to each system, removes deposits and other fouling
- Features a flex adapter and custom chamber brush, specific to each system, for proper chamber cleaning
- Obstruction removal tools for jammed cases and other blockages
- Blue Nylon and Bronze AP Brushes for more aggressive cleaning

BIG BORE

CLEANING EQUIPMENT

The Otis Big Bore Cleaning Equipment is designed to clean and maintain artillery, mobile artillery pieces and main gun of tanks. The swab/brush combo cleans from Breech-to-Muzzle® and decreases the amount of personnel needed to clean the weapon platform. The swab section features a sock over an expanding disc system that, when compressed, expands to fit the bore for a more effective clean. Available in 105mm, 120mm or 155mm configurations.

CLEANERS, LUBRICANTS, PROTECTANTS & CLPs

MISSION CRITICAL

MC-10 HIGH PERFORMANCE CLEANER & LUBRICANT

#FG-906-4

High Performance Lubricant

- Synthetic firearm lubricant that will not freeze, burn or carbonize
- Withstands extreme conditions
- Recommended for slides, slide rails, bolt/bolt carrier, actions and other metal on metal contact points
- Safe on all gun metals and finishes

High Performance Cleaner

- Prepares surfaces for MC-10 Lubricant, removes oils & contaminants from firearm and removes MC-10 Lubricant if desired

When failure is not an option

Includes: 1 fl. oz. spray bottle of cleaner, 1 fl. oz. spray bottle of lubricant, and microfiber gun cloth

METAL DEFENSE BORE STICK™

- Composed of VCI, a corrosion inhibitor
- Creates a protective barrier on the metal surface
- Protects guns from rust and corrosion
- Inserts into barrel of the gun
- Features plug to cap muzzle and track time elapsed
- Lasts two years

CLEANERS

DESCRIPTION	PART#
COMPLETE GUN CLEANER *	
2 oz. Bottle	IP-902-CC
4 oz. Bottle	IP-904-CC
COPPER REMOVER *	
2 oz. Bottle	IP-902-COP
4 oz. Bottle	IP-904-COP
MSR/AR CLEANER *	
2 oz. Bottle	IP-902-MSR
4 oz. Bottle	IP-904-MSR
FIREARM SURFACE PREP *	
10 oz. Aerosol	IP-910-A-FSP
FOAMING BORE CLEANER	
3 oz. Aerosol	RW-903-A-FC

Removes carbon, copper and lead taking care of all basic firearm-cleaning needs. Also acts as a rust preventative.

Quickly and effectively removes copper fouling. Also acts as a rust preventative.

Removes carbon, copper and lead fouling with ease. Recommended for use on bores, bolt carrier groups, locking lugs and any other area with fouling buildup.

Safely clear contaminants, such as carbon, grease and grit, without disassembling your firearm. Cleans fast with no rinsing required.

Expanding foam easily cleans the bore and ensures a complete clean.

LUBRICANTS

DESCRIPTION	PART#
DRY LUBE	
2 oz. Aerosol	RW-902-A-55 BU
4 oz. Aerosol	IP-904-A-55
FIREARM LUBRICANT *	
2 oz. Bottle	IP-902-LUB
4 oz. Aerosol	IP-904-A-LUB
10 oz. Aerosol	IP-910-A-LUB
FIREARM GREASE *	
½ oz. Tube w/ precision application tools	FG-G-98824

Quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds.

Protects your firearm from friction and migrates into tight spaces of your action and barrel. Includes anti-wear and corrosion protection additives.

Maximum friction protection for actions, triggers and slides. Includes anti-wear and corrosion protection additives. Stands up to friction in high and low temperatures.

PROTECTANTS

DESCRIPTION	PART#
FIREARM PROTECTANT *	
2 oz. Bottle	IP-902-FP
4 oz. Aerosol	IP-904-A-FP
LONG TERM FIREARM * PROTECTANT	
4 oz. Aerosol	IP-904-A-LTP

Uses water displacement to protect your gun from oxidation, rust and corrosion in inclement weather conditions. Provides a short term storage solution - with protection lasting 3-6 months if used indoors.

Uses water displacement and leaves a thin wax film to protect against corrosion for long-lasting protection. Protects firearms up to 12 months if used indoors.

Features size indicated on stem to easily identify brush

INTEGRATED DUAL TECHNOLOGY BRUSHES

DESCRIPTION	PART#	NSN#
9mm IDT Brush	9MM-IDT-2-832	1005-01-604-7636
5.56mm IDT Brush	556-IDT-2-832	1005-01-599-9449
7.62mm IDT Brush	762-IDT-2-832	1005-01-599-9443

BULK BRUSHES

DESCRIPTION	PART#
100 Pack Bulk Rifle Brushes <i>Available in .22, .25, .27, .30, .38, .40, .45, .50 cal. & 5.56, 7.62, 9mm</i>	IP-3##-BB-100
50 Pack Bulk 12 ga Shotgun Brushes	IP-512-BB-50
50 Pack White Nylon AP Brushes	IP-316-50
50 Pack Blue Nylon AP Brushes	IP-316-BLU-50
50 Pack Stainless Steel AP Brushes	IP-316-SS-50
50 Pack Bronze AP Brushes	IP-316-BZ-50

Stainless steel for use on internal firearm parts only

CHAMBER BRUSHES

DESCRIPTION	PART#	NSN#
4.6mm	IP-460-CH	
5.56mm	IP-367-GV	1005-01-544-7698
6.8mm	IP-680-CH	
7.62mm	IP-368	1005-01-632-4711

AP BRUSHES

DESCRIPTION	PART#	NSN#
AP Brush - White Nylon	IP-316	1005-00-494-6602
AP Brush - Blue Nylon	IP-316-BLU	1005-01-578-9925
AP Brush - Bronze	RW-316-BZ	
AP Brush - Stainless Steel	RW-316-SS	

Stainless steel for use on internal firearm parts only

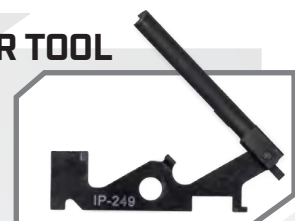

M249 SAW SCRAPER TOOL

#IP-249

For the M249/SAW/Minimi

Effectively cleans the gas regulator, gas cylinder and piston on an M249

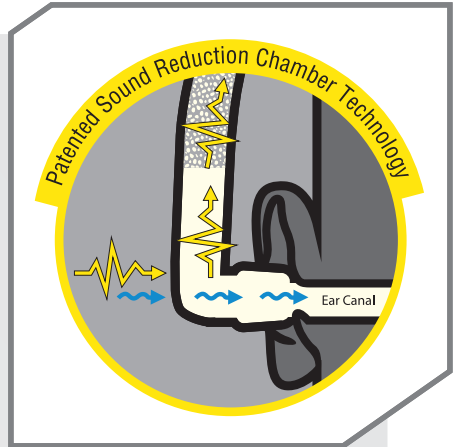

HEARING PROTECTION

EAR SHIELD

Otis Technology presents a smarter way to protect your hearing while improving your response to range commands and other communication. Soft earbuds form a seal around the outer ear canal and connect to the unique sound reduction chambers. Because sound energy travels the path of least resistance, high-intensity sounds, like gunfire, funnel into the wider sound reduction chambers and away from your narrow ear canals. The chamber dampens, refracts and cancels harmful waves to produce a safe volume across all frequencies. So, you can hear important safety signals or conversations without removing the Ear Shield.

DESCRIPTION	PART#
Ear Shield 26 dB	FG-ESH-26
Ear Shield 31 dB	FG-ESH-31
Ear Shield Replacement Cuffs - 4	FG-ESH-C

- Eliminates stock interference
- Cool and comfortable
- No batteries required
- Lightweight and collapsible
- Adjustable to fit any shooter

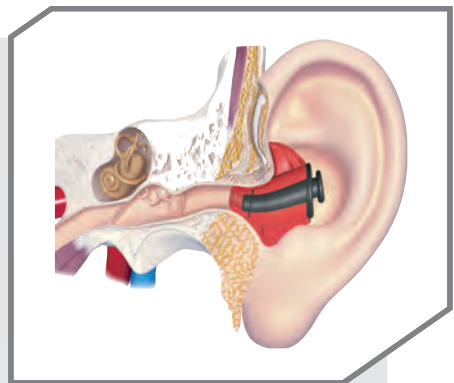

FLUGZ

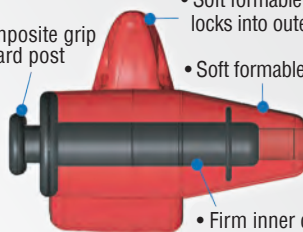

Form. Fit. Finished.

When you form and fit FLUGZ to your ear canals, you'll discover they simply fit better than anything you've tried before. FLUGZ come housed and sealed in their own clear container which functions as a steamer during the fitting process. Inside, uniquely engineered left and right FLUGZ are ready to be molded to your ear canal.

FLUGZ are rated NRR-21 and are right in line with expensive earmuffs protecting you from percussion impact, yet they do not block your ability to hear low frequency sounds.

- Firm composite grip and lanyard post
- Soft formable hook end locks into outer ear
- Soft formable ear plug
- Firm inner core retains structure and shape

DESCRIPTION	PART#
Flugz 21 dB Hearing Protection	FG-FL-1C

CAPABILITY STATEMENT

Otis Technology is a trusted source for weapons maintenance kits & accessories and has invested heavily to design and develop top quality, innovative products for our men and women on the front lines. With our machinery, technology and know-how, Otis Technology can support other manufacturers and business partners with a vast portfolio of services. Please contact us for more information on how we can assist you in your next project.

- Metal Working Equipment
- Sewing Capabilities
- Brush Manufacturing
- Blister Packaging
- Rapid Prototyping
- Full Manual Machine Shop
- 5 Axis CNC Mill
- Mill / Turn CNC Machining Center
- Water-Jet
- Welding [TIG, MIG and Oxyacetylene]
- Importation of different files for rapid prototypes
- Injection Molding Machines
- Injection Blow Molding Machines
- Metal Injection Molding De-bind and Sinter Furnaces
- Automatic Fill Line available for different solvents
- QA Lab
- Engineering services available
