

Detroit Denim Co

DETROIT DENIM CO. REPAIR SHOP
2987 FRANKLIN STREET, DETROIT MI 48207

We love jeans. Whatever you wear, we want you to get the most out of them and we encourage people to take care of their clothes. However, most jeans are just starting to get good when that first hole occurs. Our goal is to provide excellent quality repairs for the jeans you value so much.

REPAIR PROCESS

1. Please make sure that your jeans are properly washed before sending in for repair. (Don't forget to uncuff the hem before that wash. Debris can accumulate in the fold.)
2. Complete this form and mail your jeans to the address at the top of the form.
3. When your jeans arrive we will contact you within 48 hours with an estimate.
4. Please allow for 2-3 weeks for the repair to be completed.
5. When the repair is complete you will receive an invoice via email.
6. When the invoice is paid your jeans will be shipped and you will receive a tracking number via email.

Repairs are guaranteed for **60 days**. If you have a problem with the repair quality and/or longevity it will be re-done without charge. Repairs redo's are still subject to evaluation by the repair technician. Please note that jeans will continue to wear and new holes will appear near the repaired areas (most likely in high wear areas).

CHECK EITHER

- Contact me to discuss repair options and cost. I'm good; repair and return my jeans please.

We offer many other repairs beyond the standard repair list. If you have any questions please call (313)-626-9216 or email repair@detroitdenim.com. You're also welcome to email a picture of your denim repair for an estimate. Please be aware that all estimates given over the phone or via email prior to in-store evaluations are subject to change.
