

LED61

Compact UV Detector

Features

- ✓ Designed with our exclusive, long lasting and innovative super-bright LEDs
- ✓ Unique hassle-free LEDs never require bulb replacements like conventional UV lamps
- ✓ Compact and sleek design saves counter space
- ✓ Verify bills, IDs, Credit Cards and other security documents
- ✓ LEDs power off automatically, extending unit's life and reducing power consumption
- ✓ Universal counterfeit detector, allows to verify security features for all currencies

BENEFITS

- Detection Function detects UV security features on all currencies, credit cards, IDs and other security documents around the world. This makes the unit a universal counterfeit detector.
- Intuitive automatic ON/OFF sensors help extend the product's lifespan while helping to reduce electrical costs
- Allows for quick and easy verification of security features on bills, credit cards, IDs, and other secure documents
- Plastic holder allows the unit to be suspended under a desk, a table or a shelf

Quality Construction

- Made with super-bright, long-lasting Ultraviolet LEDs (lasts approximately 10,000 hours)
- Powered by AC / DC power adapter (5V DC)
- Compact and sturdy design made with high-quality materials
- UL certified power adapter
