

**DURABLE**

6-mil. thick polyethylene film for long life

**ADHESIVE STRIP**

Seals out moisture to protect floors

**COVERAGE**

300 sq. ft. roll covers 12'x25' area .  
 Can be cut to size as necessary.

## PREMIUM MOISTURE DEFENSE

Emcore™ Moisture Barricade, a polyethylene film-based barrier, is designed for use with laminate, SPC and engineered wood flooring to protect finished floors against moisture damage. Featuring a convenient adhesive strip, Moisture Barricade helps save time during installation as well as extends the life of your floors.

NOTE: Moisture Barricade is not an underlayment, rather a moisture barrier and should not be used on wood subfloors.

### APPLICATIONS:

Residential & Commercial

### APPROVED SUBSTRATES:

Concrete Subfloors

### APPROVED FOR USE UNDER:

Laminate, SPC & Engineered Wood Flooring

### APPROVED FOR USE UNDER:

Below-grade, on-grade, & above-grade

**MOISTURE VAPOR BARRIER**

NWFA Recommended 6-mil thick polyethylene films acts as a moisture barrier to protect and extend the life of your floors.

**EASE OF INSTALLATION**

Adhesive strip helps join film and seals out moisture to protect floors and subfloors.
