EMPERVIOUS™

RIGID WATERPROOF SHOWER SYSTEM

Emser Tile® exclusive shower system

Now in stock and available at our 77 locations across the US!

FULLY WATERPROOFED SYSTEM

The closed-cell XPS foam core and cement coating technology used with joint sealant produces a fully waterproofed system allowing for same day tile installation.

FOAM PANELS

Available in 3'x5' or 4'x8' and ranging from 1/4" to 2" thick to fit your project needs.

SOLID FOAM CURBS

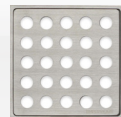

Utilizing a pre-formed curb will help you easily complete your shower project. Or, forgo the curb completely and create a sleek, barrier-free entry using our universal low profile pans.

UTILIZE PRE-FORMED NICHE OR BUILD YOUR OWN

Save time on installations by utilizing our pre-formed niches in the most common sizes. Elevate your design by building a custom bench from 2" wallboard.

COORDINATING GRATE SWITCHES

Choose from a selection of finishes to perfectly complement other bath hardware.

ACHIEVE A PERFECT SLOPE EVERYTIME

With limitless configurations utilizing pan extensions, the pre-sloped shower pans can accommodate virtually any size shower. Plus our universal pan is a thin, low profile that makes barrier free installations a breeze.
