Emser Tile Wins 2023 Golden Hammer Award

LOS ANGELES, CA (JANUARY 17, 2024) – Emser Tile, leading designer and producer of the world's finest tile and natural stone, has been honored with a 2023 Golden Hammer Award, for its $Empervious^{TM}$ rigid waterproof shower system.

The Golden Hammer Awards, presented by <u>HBS Dealer</u>, have a long tradition of honoring the best-of-the-best of the home improvement industry. Awards will be presented during the NAHB International Builders' Show® (IBS) in Las Vegas, on February 27.

"Winning in the building supply industry is not just about providing materials; it's about building relationships, understanding our customers' needs, and delivering quality products, services and solutions," says Rich Rose, Chief Operating Officer at Emser Tile. "This award is a reflection of our commitment to our customer, and we are honored to be recognized."

Empervious is a fully waterproof shower system, that features a closed-cell XPS foam core, and cement coating technology that when used with joint sealant enhances durability and provides superior bonding to tile, allowing for same-day tile installation – all with a 10-year limited warranty. Empervious components work cohesively together to accommodate virtually any size shower, while also guaranteeing ease of installation, and consumer confidence in waterproofing quality.

About Emser Tile LLC

Emser Tile is the largest privately held designer and marketer of tile and natural stone products in the United States. Our principle offering includes an extensive line of ceramic, porcelain, natural stone and decorative products to service the design and product needs of our customers. Our products are distributed nationally through a company-owned network of local sales and service locations. The company's products are used extensively in new home construction, remodel applications as well as commercial projects including multi-family housing, hospitality, shopping centers, office buildings and educational facilities. For more information, please visit www.emser.com and follow us on Facebook, Twitter, Instagram and Pinterest.
