Emser Tile Collects Three Readers' Choice Awards From Kitchen & Bath Business Magazine

LOS ANGELES, CA (AUGUST 8, 2023) – Emser Tile, leading designer and producer of the world's finest tile and natural stone, has received three [2023 Readers' Choice Awards](#), from [Kitchen & Bath Business \(KBB\)](#) magazine, in the following categories: [Kitchen Flooring](#), [Bath Flooring](#) and [Bath Wall Coverings](#).

Now in its 11th year, the KBB Readers' Choice Awards recognize kitchen and bath brands for outstanding products and service, as decided upon by a survey generating over 20,000 votes from design and industry professionals.

“We are immensely grateful to our industry peers and partners for their support and this recognition. It truly speaks to our continued commitment to collaboration and exceptional customer experiences,” says Rich Rose, Chief Operating Officer at Emser Tile.

Criteria considered included product availability, support from the brand and price point – three important deciding factors for designers.

Emser Tile's footprint across the US includes four distribution centers and 78 showrooms which offer on-site design services, job packing and curb-side pick-up. Emser distribution centers house over 5,000 skus, and the showrooms stock samples of every collection, as well as setting materials, supplies and inventory on many top-selling products.

Additional professional resources from Emser are available online, including access to [CEUs](#), [local consultations](#), and [design and trend forecasting](#).

About Emser Tile LLC

Emser Tile is the largest privately held designer and marketer of tile and natural stone products in the United States. Our principle offering includes an extensive line of ceramic, porcelain, natural stone and decorative products to service the design and product needs of our customers. Our products are distributed nationally through a company-owned network of local sales and service locations. The company's products are used extensively in new home construction, remodel applications as well as commercial projects including multi-family housing, hospitality, shopping centers, office buildings and educational facilities. For more information, please visit www.emser.com and follow us on [Facebook](#), [Twitter](#), [Instagram](#) and [Pinterest](#).
