Lucente Stone Series

Lustrous color shines through in this exclusive glass wall tile and mosaic line. Lucente™ tile can be used on its own to make a statement on a kitchen or bathroom backsplash. It can also be combined with natural stone or porcelain tile as a decorative accent. For a real splash, use Lucente™ in your pool waterline and see the shimmering effect created by the water and the tile. The possibilities are endless!

The content of this product was assessed for health hazard warnings as required using Pharos

Contents in Descending Order of Quantity
ALUMINUM OXIDE, MAGNESIUM OXIDE

Hazard - PBT (Persistent Bioaccumulative Toxic), Cancer, Gene Mutation

Highest concern GreenScreen score - List Translator Unspecified
Neurotoxicity - Development
Mammal - Physical hazard
Skin or Eye - Global warming
Aquatic toxicity - Ozone depletion

Total VOC Content Material (g/L) Regulatory (g/L) N/A N/A

Does the product contain exempt VOCs? N/A Yes No
Are there VOC-free tints available? N/A Yes No

Certifications + Compliance
VOC Emissions Not tested
VOC Content N/A
The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

NOTES
Tiles do not get tested for VOC’s as a result of their production process. Any and all carcinogens reported in the finished product are non-hazardous in their stable form. An MSDS will explain hazards as they pertain to cutting the material and will address respiratory, skin and eye protection cautions. The origin for the clay, quartz and feldspar and other raw components are Guangdong Province, China. The finished product is manufactured in Dongguan City, Guangdong Province, China. There is recycled content in this product and is part of the Emser Tile Green Friendly Program. All statements and references contained herein are intended to be correct, complete and current. Information is subject to change depending on revisions to standards or changes in production.
